A History of Japan (Blackwell History of the World) eBook ...

This authoritative and accessible book charts the history of Japan from c. 8000 BC to the present. Conrad Totman conceptualizes the country's history in terms of four major ages: the age of foragers, dispersed agriculturalists, intensive agriculture, and industrialism.

A History of Japan : Conrad D Totman - Blackwell's

The section on Japan's first interaction with the West is fascinating and this book does not focus too heavily on the World Wars as some books can, but it gives a solid understanding of the history leading up to the wars. This book is an essential read for any serious history or Japan enthusiast.

History Of Japan - (Blackwell History Of The World) By ...

The earliest written work of history to mention Japan, the Book of Han completed around 82 AD, states that Japan, referred to as Wa, was divided into one hundred kingdoms. A later Chinese work of history, the Wei Zhi, states that by 240 AD, one powerful kingdom had gained ascendancy over the others.

History of Japan - Wikipedia

Site visitors are encouraged to suggest comments, events, corrections etc. to supplement the content of this, fairly meagre, school history. 'Blackwell' was a mixed, County Secondary school, based in Headstone Lane, Harrow. The name was retained from its inauguration in January 1950, until its demise in July 1974.

This authoritative and accessible book charts the history of Japan from c.8000 bc to the 1990s.

This accessible guide to the development of Japan's indigenous religion from ancient times to the present day offers an illuminating introduction to the myths, sites and rituals of kami worship, and their role in Shinto's enduring religious identity. Offers a unique new approach to Shinto history that combines critical analysis with original research Examines key evolutionary moments in the long history of Shinto, including the Meiji Revolution of 1868, and provides the first critical history in English or Japanese of the Hie shrine, one of the most important in all Japan Traces the development of various shrines, myths, and rituals through history as uniquely diverse phenomena, exploring how and when they merged into the modern notion of Shinto that exists in Japan today Challenges the historic stereotype of Shinto as the unchanging, all-defining core of Japanese culture

This fascinating history tells the story of the people of Japan, from ancient teenage priest-queens to teeming hordes of salarymen, a nation that once sought to conquer China, yet also shut itself away for two centuries in self-imposed seclusion. First revealed to Westerners in the chronicles of Marco Polo, Japan was a legendary faraway land defended by a fearsome Kamikaze storm and ruled by a divine sovereign. It was the terminus of the Silk Road, the furthest end of the known world, a fertile source of inspiration for European artists, and an enduring symbol of the mysterious East. In recent times, it has become a powerhouse of global industry, a nexus of popular culture, and a harbinger of post-industrial decline. With intelligence and wit, author Jonathan Clements blends documentary and storytelling styles to connect the past, present and future of Japan, and in broad yet detailed strokes reveals a country of paradoxes: a modern nation steeped in ancient traditions; a democracy with an emperor as head of state; a famously safe society built on 108 volcanoes resting on the world's most active earthquake zone; a fast-paced urban and technologically advanced country whose land consists predominantly of mountains and forests. Among the chapters in this Japanese history book are: The Way of the Gods: Prehistoric and Mythical Japan A Game of Thrones: Minamoto vs. Taira Time Warp: 200 Years of Isolation The Stench of Butter: Restoration and Modernization The New Breed: The Japanese Miracle

Contemporary Japan: History, Politics and Social Change since the 1980s presents a comprehensive examination of the causes of the Japanese economic bubble in the late 1980s and the socio-political consequences of the recent financial collapse. Represents the only book to examine in depth the turmoil of Japan since Emperor Hirohito died in 1989, the Cold War ended, and the economy collapsed Provides an assessment of Japan's dramatic political revolution of 2009 Analyzes how risk has increased in Japan, undermining the sense of security and causing greater disparities in society Assesses Japan's record on the environment, the consequences of neo-liberal reforms, immigration policies, the aging society, the US alliance, the Imperial family, and the 'yakuza' criminal gangs

A theoretically rich, nuanced history of Islam and Islamic civilization with a unique sociological component This major new reference work offers a complete historical and theoretically informed view of Islam as both a religion and a sociocultural force. Uniquely comprehensive, it surveys and discusses the transformation of Muslim societies in different eras and various regions, providing a broad narrative of the historical development of Islamic civilization. This text explores the complex and varied history of the religion and its traditions. It provides an in-depth study of the diverse ways through which the religious dimension at the core of Islamic traditions has led to a distinctive type of civilizational process in history. The book illuminates the ways in which various historical forces have converged and crystallized in institutional forms at a variety of levels, embracing social, religious, legal, political, cultural, and civic dimensions. Together, the team of internationally renowned scholars move from the genesis of a new social order in 7th-century Arabia, right up to the rise of revolutionary Islamist currents in the 20th century and the varied ways in which Islam has grown and continues to pervade daily life in the Middle East and beyond. This book is essential reading for students and academics in a wide range of fields, including sociology, history, law, and political science. It will also appeal to general readers with an interest in the history of one of the world's great religions.

A Companion to Asian Art and Architecture presents a collection of 26 original essays from top scholars in the field that explore and critically examine various aspects of Asian art and architectural history. Brings together top international scholars of Asian art and architecture Represents the current state of the field while highlighting the wide range of scholarly approaches to Asian Art Features work on Korea and Southeast Asia, two regions often overlooked in a field that is often defined as India-China-Japan Explores the influences on Asian art of global and colonial interactions and of the diasporic communities in the US and UK Showcases a wide range of topics including imperial commissions, ancient tombs, gardens, monastic spaces, performances, and pilgrimages.
