This is NOT your father's home repair book! And it's not your husband's, your brother's, your boyfriend's, or the guy's next door. Dare to Repair is a do-it-yourself book for every woman who would rather be self-reliant than rely on a super or contractor. No matter the depth of your pockets or the size of your home, a toilet will get clogged, a circuit breaker will trip, and a smoke detector will stop working. It's up to you how you'll deal with them -- live in denial, pay the piper, or get real and do it yourself. Dare to Repair demystifies these home repairs by providing information that other books leave out. In Dare to Repair, you'll learn how to: Take the plunge -- from fixing a leaky faucet to cleaning the gutters. Lighten up -- from removing a broken light bulb to installing a dimmer switch. Keep your cool -- from maintaining a refrigerator's gasket to changing the rotation of a ceiling fan. Get a handle on it -- from replacing a doorknob to repairing a broken window. Play it safe -- from planning a fire escape route to installing a smoke detector. Filled with detailed illustrations, Dare to Repair provides even the most repair-challenged woman with the ability to successfully fix things around the home. Once you start, you won't want to stop.

As a homeowner, it's good to know easy fixes you can do yourself, like tightening loose door hinges or getting rid of a garbage disposal stench that just won't go away. From Mike Michalowicz, the author of PROFIT FIRST, CLOCKWORK, and THE PUMPKIN PLAN, comes the ultimate diagnostic tool for every entrepreneur. The biggest problem entrepreneurs have is that they don't know what their biggest problem is. If you find yourself trapped between stagnating sales, staff turnover, and unhappy customers, what do you fix first? Every issue seems urgent -- but there's no way to address all of them at once. The result? A business that continues to go in endless circles putting out urgent fires and prioritizing the wrong things. Fortunately, Mike Michalowicz has a simple system to help you eradicate these frustrations and get your business moving forward, fast. Mike himself has lived through the struggles and countless distractions of entrepreneurship, and devoted years to finding a simple way to pinpoint exactly where to direct attention for rapid growth. He figured out that every business has a hierarchy of needs, and if you can understand where you are in that hierarchy, you can identify what needs immediate attention. Simply fix that one thing next, and your business will naturally and effortlessly level-up. Over the past decade, Mike has developed an ardent following for his funny, honest, and actionable insights told through the stories of real entrepreneurs. Now, Fix This Next offers a simple, unique, and wildly powerful business compass that has already helped hundreds of companies get to the next level, and will do the same for you. Immediately.

Dealing with a sick plant is one of the most frustrating situations a gardener can face. More often than not, we have no idea what is causing the problem, or how to fix it. Fortunately, help is at hand. What's Wrong With My Plant? (And How Do I Fix It?) provides an easy system for visually diagnosing any problem, and matching it to the right cure. This innovative and easy-to-use guide is split into three parts. Part One presents easy-to-follow, illustrated flow charts — organized by where on the plant the symptoms appear — that allow readers to accurately diagnose the problem. The format is so simple it doesn't even require knowing the name of the plant; all you need to know is whether the problem is affecting its roots, stem, flowers, or leaves. It does not matter whether the plant is a houseplant, perennial, vegetable, tree, or shrub. Part Two offers a 100% organic way to fix the problem. From improper growing conditions and environmental factors, to molds, pests, and diseases, every problem has a safe, natural solution. Part Three shows photographs and drawings of stressed, damaged, and diseased plants that help with accurate comparison. Whether your garden consists of herbs on a kitchen windowsill, a vegetable garden, an elaborate backyard border, or a container on a patio, What's Wrong With My Plant? is an indispensable resource. If you can see it, you can fix it. Curing a sick plant just doesn't get any easier.

THE SUNDAY TIMES BESTSELLER AND OFFICIAL COMPANION TO THE HIT BBC SERIES BBC 's The Repair Shop is a place where Britain 's most skilled and caring craftspeople rescue and resurrect items that owners thought were beyond saving. Their shared love of craft has helped hundreds of people recover and relive cherished memories, and inspired millions to rediscover their own prized possessions. The skill required to properly restore those items may be beyond most of us, but there are small things we can all do to care for the items we love the most. How do you replenish the stuffing in your child 's beloved, tatty teddy bear, for instance? Or remove a water mark left on your wooden table? What 's the best way to prevent your leather from cracking? Direct from the Repair Shop's 'Workshop of Dreams', this 'make do and mend ' guide collects advice and stories from each of the show 's experts, to help you understand and care for those aging treasures and heirlooms around your house or gathering dust in the garage. Whether it 's wood, ceramics, leather or silverware, you will get to know your materials, tools and terms from Britain 's best, as the Repair Shop experts share their tips on restoring and conserving, reveal their favourite tools, and provide a series of small, manageable projects that help tackle the most common problems that occur in their given medium. Their book, like the show it accompanies, will help you safeguard your sentimental legacy for generations to come.
