“Kellerman doesn’t just write psychological thrillers—he owns the genre.”—Detroit Free Press Her name is Elise Freeman, and her chilling cry for help comes too late to save her. On a DVD found near her lifeless body, the emotionally and physically battered woman chronicles a long ordeal of abuse at the hands of three sadistic tormentors. But even more shocking is the revelation that the offenders, like their victim, are teachers at one of L.A.’s most prestigious prep schools. Homicide detective Milo Sturgis is assigned to probe the hallowed halls of Windsor Prep Academy, and if ever he could use Dr. Alex Delaware’s psychological prowess, it’s now. As the scandal-conscious elite close ranks around Windsor Prep, Alex and Milo push to expose the dirty secrets festering among society’s manor-born. But while searching for predators among the privileged, Alex and Milo may be walking into a highly polished death trap. **BONUS:** This edition contains an excerpt from Jonathan Kellerman's *Victims*. “Jonathan Kellerman’s novels are an obsession; once started it is hard to quit.”—Orlando Sentinel “The combination of Alex Delaware and Detective Milo

Do it yourself Serger machine repair!!! Sound like a far fetched idea? Not so, according to Reuben O. Doyle, a sewing machine repairman of 25 years and author of "Serger Repair for the Home Sewer." "In over 75% of the repair jobs I get, the home sewer/crafter could easily have handled the job if only they'd known what to look for. In about 25% of the repair jobs I go out on, the problem is such a minor one that anyone with a checklist of what to look for could fix it in seconds, but I have to charge them the same service fee as on any repair job. Of course any broken parts need to be taken to an authorized service repairman for repair or replacement, but those types of service calls are by far the minority!" Written in step by step instructional style, this book takes the serger machine owner through problem/solution scenarios allowing them to fix problems that can cause a lot of frustration for those who sew. Whether you have an older model machine, or one of the newer models, this book will help keep your general repair costs to a minimum. The home sewer can now just look up the problem in this handy guide book and follow the instructions on how to fix it. YES, it's now as easy to fix your serger machine as picking up a book!
