Steve Inskeep tells the riveting story of John and Jessie Frémont, the husband and wife team who in the 1800s were instrumental in the westward expansion of the United States, and thus became America's first great political couple John C. Frémont, one of the United States's leading explorers of the nineteenth century, was relatively unknown in 1842, when he commanded the first of his expeditions to the uncharted West. But in only a few years, he was one of the most acclaimed people of the age – known as a wilderness explorer, bestselling writer, gallant army officer, and latter-day conquistador, who in 1846 began the United States's takeover of California from Mexico. He was not even 40 years old when Americans began naming mountains and towns after him. He had perfect timing, exploring the West just as it captured the nation's attention. But the most important factor in his fame may have been the person who made it all possible: his wife, Jessie Benton Frémont. Jessie, the daughter of a United States senator who was deeply involved in the West, provided her husband with entrée to the highest levels of government and media, and his career reached new heights only a few months after their elopement. During a time when women were allowed to make few choices for themselves, Jessie – who herself aspired to roles in exploration and politics – threw her skill and passion into promoting her husband. She worked to carefully edit and publicize his accounts of his travels, attracted talented young men to his circle, and lashed out at his enemies. She became her husband's political adviser, as well as a power player in her own right. In 1856, the famous couple strategized as John became the first-ever presidential nominee of the newly established Republican Party. With rare detail and in consummate style, Steve Inskeep tells the story of a couple whose joint ambitions and talents intertwined with those of the nascent United States itself. Taking advantage of expanding news media, aided by an increasingly literate public, the two linked their names to the three great national movements of the time—westward settlement, women's rights, and opposition to slavery. Together, John and Jessie Frémont took parts in events that defined the country and gave rise to a new, more global America. Theirs is a surprisingly modern tale of ambition and fame; they lived in a time of social and technological disruption and divisive politics that foreshadowed our own. In Imperfect Union, as Inskeep navigates these deeply transformative years through Jessie and John's own union, he reveals how the Frémonts' adventures amount to nothing less than a tour of the early American soul.

Susan Cain, New York Times bestselling author of Quiet: "The world could surely use a little more love, a little more compassion, and a little more wisdom. In Love for Imperfect Things, Haemin Sunim shows us how to cultivate all three, and to find beauty in the most imperfect of things—including your very own self." A #1 internationally bestselling book of spiritual wisdom about learning to love ourselves, with all our imperfections, by the Buddhist author of The Things You Can See Only When You Slow Down Hearing the words "be good to yourself first, then to others" was like being struck by lightning. Many of us respond to the pressures of life by turning inward and ignoring problems, sometimes resulting in anxiety or depression. Others react by working harder at the office, at school, or at home, hoping that this will make ourselves and the people we love happier. But what if being yourself is enough? Just as we are advised on airplanes to take our own oxygen first before helping others, we must first be at peace with ourselves before we can be at peace with the world around us. In this beautiful follow-up to his international bestseller The Things You Can See Only When You Slow Down, Zen Buddhist monk Haemin Sunim turns his trademark wisdom to the art of self-care, arguing that only by accepting yourself—and the flaws that make you who you are--can you have compassionate and fulfilling relationships with your partner, your family, and your friends. With more than thirty-five full-color illustrations, Love for Imperfect Things will appeal to both your eyes and your heart, and help you learn to love yourself, your life, and everyone in it. When you care for yourself first, the world begins to find you worthy of care.
