The best-selling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, The Blue Book of Grammar and Punctuation includes easy-to-understand rules, abundant examples, dozens of reproducible exercises, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated Twelfth Edition reflects the latest updates to English usage and grammar and features a two-color design and lay-flat binding for easy photocopying. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, The Blue Book of Grammar and Punctuation offers comprehensive, straightforward instruction.

Updated and revised with more examples and expanded discussions, this second edition continues the aim of providing teachers with a solid understanding of the use and function of grammatical structures in American English. The book avoids jargon and presents essential grammatical structures clearly and concisely. Dr. DeCapua approaches grammar from a descriptive rather than a prescriptive standpoint, discussing differences between formal and informal language, and spoken and written English. The text draws examples from a wide variety of authentic materials to illustrate grammatical concepts. The many activities throughout the book engage users in exploring the different elements of grammar and in considering how these elements work together to form meaning. Users are encouraged to tap into their own, often subconscious, knowledge of grammar to consciously apply their knowledge to their own varied teaching settings. The text also emphasizes the importance of understanding grammar from the perspective of English language learners, an approach that allows teachers to better appreciate the difficulties these learners face. Specific areas of difficulties for learners of English are highlighted throughout.

A deliciously entertaining new series by the bestselling author of The No. 1 Ladies' Detective Agency The many fans of Precious Ramotswe will find further cause for celebration in the protagonist of Alexander McCall Smith's irresistibly funny trilogy, the eminent (if shamefully under-read) philologist Professor Dr. Mortiz-Maria von Igelfeld of the Institute at Regensburg. Unnaturally tall, hypersensitive to slights, and oblivious to his own frequent gaucheries, von Igelfeld is engaged in a never-ending quest to win the respect he knows is due him. Portuguese Irregular Verbs follows the Professor from a busman's holiday researching old Irish obscenities to a flirtation with a desirable lady dentist. In The Finer Points of Sausage Dogs, von Igelfeld practices veterinary medicine without a license, transports relics for a schismatically challenged Coptic prelate and is mobbed by marriage-minded widows on board a Mediterranean cruise ship. In At the Villa of Reduced Circumstances, the final novel in the trilogy, we find our hero suffering the slings of academic intrigue as a visiting fellow at Cambridge, and the slings of outrageous fortune in an eventful Columbian adventure.
