Many people will remember that Rachel Carson predicted a silent spring, but she also warned of a fruitless fall, a time with no pollination and no fruit. The fruitless fall nearly became a reality when, in 2007, beekeepers watched thirty billion bees mysteriously die. And they continue to disappear. The remaining pollinators, essential to the cultivation of a third of American crops, are now trucked across the country and flown around the world, pushing them ever closer to collapse. Fruitless Fall does more than just highlight this growing agricultural catastrophe. It emphasizes the miracle of flowering plants and their pollination partners, and urges readers not to take the abundance of our Earth for granted. A new afterword by the author tracks the most recent developments in this ongoing crisis.

More than a cookbook, In Late Winter We Ate Pears is a love affair with a culture and a way of life. In vignettes taken from their year in Italy, husband and wife Caleb Barber and Deirdre Heekin offer glimpses of a young, vibrant Italy: of rolling out pizza dough in an ancient hilltown at midnight while wild dogs bay in the abandoned streets; of the fogged car windows of an ancient lovers' lane amid the olive groves outside Prato. The recipes in In Late Winter We Ate Pears are every bit as delicious as the memories. Selections such as red snapper with fennel sauce, fresh figs with balsamic vinegar and mint, and frangipane and plum tart capture the essence of Italy. Following the tradition of Italian cuisine, the 80 recipes are laid out according to season, to suggest taking advantage of your freshest local ingredients. Whether you are an experienced cook looking for authentic Italian recipes or a beginner wanting to immerse yourself in the romance of a young couple's culinary adventure, In Late Winter We Ate Pears provides rich sustenance in the best tradition of travel and food writing. Cheers to Chef Barber and writer Deirdre Heekin for sharing these marvelous recipes from Osteria Pane e Salute (Pane translates as bread and Salute as health) and for sharing the story of a most inspired year spent in Italy. In Late Winter We Ate Pears is a testament that bread and health are the things that make a good life.
