Highly recommend Land of the Seven Rivers: A Brief History of India's Geography by Sanjeev Sanyal. It surpasses any historical narrative of India I have ever read in primarily two aspects: firstly in capturing the continuity of the civilization and second the attention to individuals and personalities instead of merely a collective story of people.

Land of the Seven Rivers- A Brief History of India's Geography, by Sanjeev Sanyal Penguin Books, 2013 Pp. xi+331 ISBN: 9780143420934. Despite the title, it is somewhat problematic classifying this book. Ostensibly it is about India's geography, but the amount of material pertaining to this subject is rather small.

Vedic texts have a wide geographical horizon, speaking of oceans, rivers, mountains and deserts. "Eight summits of the Earth, three shore or desert regions, seven rivers." (asthau vyakhyat kakubhah prthivyam tri dhanva yojana sapta sindhun RV.I.35.8). The Vedic land is a land of the seven rivers flowing into the ocean.

*Rigvedic rivers - Wikipedia*

Best known, the river Styx is the principal river of Hades, circling the Underworld seven times thus separating it from the land of the living. The Styx flowed out of Oceanus, the great river of the world. In Greek, the word Styx means to hate or abhor, and it was named after the nymph of the river, a daughter of the Titans Oceanus and Tethys.

Sanjeev spent most of his adult life battling international financial markets, a few years in Mumbai and many in Singapore. One day in 2008, mostly on a whim, he decided to move back to India and travel all over the country with his family. This resulted in his hugely popular second book, Land of the Seven Rivers.

**DID THE GREAT FLOOD OF INDIAN LEGEND ACTUALLY HAPPEN? WHY DID THE BUDDHA WALK TO SARNATH TO GIVE HIS FIRST SERMON? HOW DID THE EUROPEANS MAP INDIA?** The history of any country begins with its geography. With sparkling wit and intelligence, Sanjeev Sanyal sets off to explore India and look at how the country's history was shaped by, among other things, its rivers, mountains and cities.

Traversing remote mountain passes, visiting ancient archaeological sites, crossing rivers in shaky boats and immersing himself in old records and manuscripts, he considers questions about Indian history that we rarely ask: Why do Indians call their country Bharat? How did the British build the railways across the subcontinent? Why was the world's highest mountain named after George Everest? Moving from the geological beginnings of the subcontinent to present-day Gurgaon, Land of the Seven Rivers is riveting, wry and full of surprises. It is the most entertaining history of India you will ever read.

Could you be related to a blonde Lithuanian? Did you know that India is the only country that has both lions and tigers? Who found out how tall Mt Everest is? If you've ever wanted to know the answers to questions like these, this is the book for you. In here you will find various things you never expected, such as the fact that we still greet each other like the Harappans did and that people used to think India was full of one-eyed giants. And, sneakily, you'll also know more about India's history and geography by the end of it. Full of quirky pictures and crazy trivia, this book takes you on a fantastic journey through the incredible history of India's geography.

**India's recent economic performance has attracted world attention but the country is re-awakening not just as an economy but as a civilization. After a thousand years of the decline, it now has a genuine opportunity to re-establish itself as a major global power.**In ?The Indian Renaissance?, the author, Sanjeev Sanyal, looks at the processes that led to ten centuries of fossilization and then at the powerful economic and social forces that are now working together to transform India beyond recognition. These range from demographic shifts to rising literacy levels, but the most important revolution has been the opening of mind and the changed attitude towards innovation and risk.This book is about how India found itself at this historic juncture, the obstacles that it still needs to negotiate and the future that it may enjoy. The author tells the story from the perspective of the new generation of Indians who have emerged from this great period of change.Published and distributed worldwide by World Scientific Publishing Co. except India, UK and North America

The Wisconsin River, Paul Seifert, Bogus Bluff, Richland City, and the ancient cultures that once thrived there, all have something in common: mystery. For 10,000 years humans have occupied the delta at the confluence of the Wisconsin and the Pine Rivers; inhabitants of distinctly different eras have left behind clues to their existence. The most recent-the Native American Indians-have given us a bounty of lore and legend. A mysterious letter in the hands of German emigrant Paul Seifert in the Nineteenth Century helps set the scene for another one of the river valley's most puzzling secrets. It has been the foundation of a 35-year-long search for a cave believed to be an Indian burial site containing vast treasures of ancient times. Treasure hunter/Researcher Ron Nagel has teamed with authors Dan Bomkamp and J.L. Fredrick to tell the story as it has developed through the ages. Together they unravel some of the mystery surrounding this enchanted valley.

"The country road to hell and back is paved with the good intentions and secrets of Southern women." Prodigal son Duddy Doogan has a promise to keep. He is going home, to a place where his eccentric storytelling kin await his first visit since his father went missing. Home to where a powerful river carves an age-old border between Florida and Alabama. Home to a family tree of hidden secrets, lies, memories, and skin colors-but there is nothing black and white about the mysteries buried in its roots. Haunted by the trauma of a terrifying childhood accident and the love of too many Southern women, Duddy must excavate the bones of his family history to put his own broken life back together. When tragedy suddenly strikes, a promise to return home becomes a dangerous quest to reclaim his father's remains from a long-lost psychotic uncle living deep in the Alabama swampland. For Duddy Doogan, a journey into the heart of darkness will lead him to a shattering revelation about his own past, a secret truth hiding in plain sight and powerful enough to alter the course of Perdido River history for generations to come. Note from the Author: I'm excited about my Southern fiction novel, Perdido River Bastard, a multi-generational, romantic mystery about myth and sin, memory and history, secrets and lies, family life and death, magic and illusion, rebirth and redemption, good and evil-the sublime beauty I call the Deep South. Inherent themes of race, prejudice, and bigotry kinda go with the territory, but this novel isn't about inciting revolution or calling for imposed societal atonement for past transgressions. It isn't about blaming others for things they can't possibly help, like the color of skin, the sins of fathers and mothers, or the broken pasts of their children. Simply put, this story is about finding love through forgiveness, a notion worthy of discussion to my mind, as it seems to be the one that people conveniently forget, easily ignore, and readily dismiss for being too quaint, too simple, or too idealistic. Personally, I think we all could use a little idealism in these current racially divisive times. What we're doing right now isn't working well for any of us, so my novel suggests a wholly different tactic to affect change, one espoused by few truly Great Leaders, one being a preacher from Alabama who died for a simple dream that has yet to come true. This novel is close kin to other kinds of Southern fiction I've enjoyed reading over the years - a completed jigsaw puzzle that's more than the sum of its parts. It's a fictional biography, a romance, a series of vignettes, an interracial love story, a son's quest to make peace with his missing father, and a cozy mystery about generations of powerful women, contemporary and otherwise, who haunt one man's life. GOODREADS tags: contemporary women, cozy mystery, family saga, literary romance, magic realism, multi-generational, multicultural, mystery-thriller-suspense, plot twist, quirky characters, race issues, romance, southern biography, women's fiction

These unique voices combine in a harmony of Mexican and American, of magical and ordinary, of tragedy and triumph. From established writers to emerging talents, the contributors to this volume represent the depth and beauty of a community that is just beginning to make itself heard. The collection features the short story "The Time About the Dog" by Álvaro Rodríguez, co-screenwriter of the recent film Machete.
