Communicating art and cultural heritage has become a crucial and challenging task, since these sectors, together with tourism heritage, represent a key economic resource worldwide. In order to activate this economic and social potential, art and cultural heritage need to be disseminated through effective communicative strategies. Adopting a wide variety of digital humanities approaches and a plurilingual perspective, the essays gathered in this book provide an extensive and up-to-date overview of digital linguistic resources and research methods that will contribute to the design and implementation of such strategies. Cultural and artistic content curators, specialised translators in the fields of art, architecture, tourism and web documentaries, researchers in art history and tourism communication, and cultural heritage management professionals, among others, will find this book extremely useful due to its provision of some concrete applications of innovative methods and tools for the study and dissemination of art and heritage knowledge.

Les dictionnaires Le Robert occupent le paysage lexicographique français depuis plus d'un demi-siècle. Qui n'a pas à portée de la main des ouvrages tels Le Petit Robert ou Le Grand Robert de la langue française ? Il est aujourd'hui difficile d'imaginer qu'un seul homme, Paul Robert, puisse être à l'origine d'une production aussi riche et indispensable. Ce livre permet de sonder pour la première fois l'édifice imposant qu'élèvent les lexicographes des dictionnaires Le Robert et, au premier chef, Paul Robert, Alain Rey et Josette Rey-Debove, qui en sont les principaux artisans. Le résultat de leur travail, qui s'étale sur plus de cinquante ans, est une œuvre lexicographique à la fois monumentale et familière qui revit dans cet ouvrage grâce aux regards de spécialistes renommés et d'utilisateurs assidus. L'originalité des dictionnaires Le Robert ressort sur les plans historique, philosophique, lexicographique, scientifique et littéraire. Une histoire de la renaissance du dictionnaire de langue française au milieu du XXe siècle qui provoque, comme le souligne Alain Rey, une révolution tranquille.

In a small wooded lot a busy woman stumbles upon a strange doll the neighbors possibly left. She attempts to reveal who brought the toy to her home, but she uncovers no real leads. Then when a letter turns up asking her to give the doll away as soon as possible, she ends up on

the edge of reason as the doll is in the midst of being reclaimed by someone. The doll although small and cuddly resembles a somewhat black entity similar to a doll she keeps in her home, but when a nearby psychic and fortune teller comes to her home asking her to give up the doll to keep her sanity, but she refuses. The stuffed animal then turns out to be more than she bargained for when the bear starts to grow a tail and red eyes. When she discovers those details, she desperately tries to send it away to a pawn shop owner, but the next day he ends up dead, and a new feeling that the stuffed bear may not be what she considered a stuffed cuddly toy anymore. The story focuses on the character of Mary, and the stuffed bear that she suddenly inherits when the doll is left on her doorstep. She finds that although the stuffed bear did have an owner, he ended up in a mental institution, and the bear was simply left behind, either by someone else or the bear itself. She doesn't want to come to the terms that it could have ended up on her doorstep, by itself, but when the tale that the previous owner claimed is finally revealed, she desperately searches for an answer to the horror of Truggle.
