Drawing on his years of experience as a corporate leader, Rush presents a practical and scriptural analysis of crucial subjects Christians face in the business world.

Every workday millions of Christians enter the marketplace. Whether as sales associates or engineers, auto mechanics or executives, Christians are called to serve God in the workplace. But most need help integrating faith and work. How can you be salt and light on the job? Where can you turn for help in developing a biblical and satisfying view of work? The Marketplace Annotated Bibliography is the largest and most complete resource for putting work in its proper Christian perspective. Pete Hammond, R. Paul Stevens and Todd Svanoe provide annotated reviews of hundreds of books on topics such as career guidance, leisure, termination and layoffs, business ethics, time and financial management, critical issues in the workplace, evangelism and much more! They also include a historical survey of the marketplace-faith movement and more than a dozen thematic indexes.Pastors, vocational counselors, professors and laypeople alike will find this book a unique and valuable resource.

Drawing on a new survey of more than two thousand working Americans, the author of Christianity in the 21st Century explores the relationship between religious faith and attitudes toward work and money to examine Americans' ambivalence toward materialism and consumerism.

Led to Lead challenges ministry leaders to grow deeper in faith through lessons drawn from the life of Moses. This book will challenge you to learn from the life of Israel's greatest leader and to move ahead in your own life and ministry, implementing the lessons learned.

Everywhere we turn there are Christian success manuals, but often their advice is contradictory: sometimes advising that God wants you to have it all; at other times, calling us to a life of self-denial. Free to Succeed explores a road less traveled, a road that leads to what real success is all about.

In this study of over 65 CEOs and top executives, author Laura Nash probes how Christian business managers integrate faith with a successful life at work. Through her interviews with business leaders, Nash discovers that religion can play a vital part in business leadership by helping establish ethical standards and guide everyday business decisions.
