ne of the most famous gothic/uncanny novels of 20th century French writing, Ray's work has been compared to the best of Lovecraft and Meyrink and has never been out of print since its first publication in 1943. The author was a man surrounded by as much mystery as the bizarre old mansion of Malpertuis where the insane and horrific

Originally published in French in 1925, *Whiskey Tales* immediately established the reputation of the Belgian master of the weird, Jean Ray (1887-1964), whose writings in the coming years would come to chart out a literary meeting ground between H.P. Lovecraft and Charles Dickens. A commercial success, the collection earned Ray the

appellation of the "Belgian Poe." A year later, however, the author would be arrested on charges of embezzlement and serve two years in prison, where he would write some of his best stories. Something of a prequel to later collections such as *Cruise of Shadows* or *Circles of Terror* (both forthcoming from Wakefield Press), *Whiskey Tales* finds Ray embracing the modes of adventure and horror fiction adopted by such contemporaries as Pierre Mac Orlan and Maurice Renard. Taking us from ship's prow to port, from tavern to dead-end lane, these early tales are ruled by the spirits of whiskey and fog, each element
