Yankee in King Arthur's Court and The Tragedy of Pudd'nhead Wilson. 10,000 first printing.

For deft plotting, riotous inventiveness, unforgettable characters, and language that brilliantly captures the lively rhythms of American speech, no American writer comes close to Mark Twain. This sparkling anthology covers the entire span of Twain's inimitable yarn-spinning, from his early broad comedy to the biting satire of his later years. Every one of his sixty stories is here: ranging from the frontier humor of "The Celebrated Jumping Frog of Calaveras County," to the bitter vision of humankind in "The Man That Corrupted Hadleyburg," to the delightful hilarity of "Is He Living or Is He Dead?" Surging with

Read Book Mark Twain Five Novels

Twain's ebullient wit and penetrating insight into the follies of human nature, this volume is a vibrant summation of the career of—in the words of H. L. Mencken—“the father of our national literature.”

Is Shakespeare Dead? is a short, semi-autobiographical work by American humorist Mark Twain. It explores the controversy over the authorship of the Shakespearean literary canon via satire, anecdote, and extensive quotation of contemporary authors on the subject. The original publication spans only 150 pages, and the formatting leaves roughly half of each page blank. The spine is thread bound. It was published in April 1909 by Harper & Brothers, twelve months before Mark Twain's death. The book attracted

Read Book Mark Twain Five Novels

controversy for incorporating a chapter from *The Shakespeare Problem Restated* by George Greenwood without permission or proper credit, an oversight Twain blamed on the accidental omission of a footnote by the printer. The book has been described as "one of his least well received and most misunderstood works". Although she admits that Twain appears to have been sincere in his beliefs concerning Shakespeare, Karen Lystra argues that the essay reveals satirical intentions that went beyond the Shakespeare-Bacon controversy of the time. Though it is commonly assumed to be nothing more than a stale and embarrassing rehash of the Shakespeare-Bacon controversy, Twain was up to something more than flimsy literary criticism. He was using the debate over Shakespeare's real

identity to satirize prejudice, intolerance, and self-importanceÑin himself as well as others.... But after his passionate diatribe against the "Stratfordolators" and his vigorous support of the Baconians, he cheerfully admits that both sides are built on inference. Leaving no doubt about his satirical intent, Twain then gleefully subverts his entire argument. After seeming to be a serious, even angry, combatant, he denies that he intended to convince anyone that Shakespeare was not the real author of his works. "It would grieve me to know that any one could think so injuriously of me, so uncomplimentarily, so unadmiringly of me," he writes mockingly. "Would I be so soft as that, after having known the human race familiarly for nearly seventy-four years?" We get our beliefs at second hand, he explains,

Read Book Mark Twain Five Novels

"we reason none of them out for ourselves. It is the way we are made." Twain has set a trap—An elaborate joke at the expense of what he scornfully refers to as the "Reasoning Race." He is satirizing the need to win an argument when it is virtually impossible to convince anyone to change sides in almost any debate. His excessive rhetoric of attack is obviously absurd—calling the other side "thugs," for example—yet it has been taken at face value.

This is the only authoritative text of this late novel. It reproduces the manuscript which Mark Twain wrote last, and the only one he finished or called the "The Mysterious Stranger." Albert Bigelow Paine's edition of the same name has been shown to be a textual fraud.
