Renewed interest in the life and works of Mary Wollstonecraft Shelley has in recent years generated new biographical studies, complete editions of her letters and short stories and journals, and fresh critical assessments of "Frankenstein" and her other fiction. Until now, however, there has been no anthology of her work. "The Mary Shelley Reader" is a unique collection that fills this gap. In addition to the original and complete 1818 version of her masterpiece "Frankenstein," the book offers a new text of Mary Shelley's novella "Mathilda" - an extraordinary tale of incest, guilt, and atonement that was not published until 1959 and has been out of print since then. Also included are seven of Mary Shelley's Short stories that range from gentle satire to fantastic tales of reanimation, diabolical transformation, and immortality. Eight of her essays and reviews are reprinted here for the first time since their original publication, and eleven representative letters help bring to life a remarkable literary and historical figure - author, daughter of William Godwin and Mary Wollstonecraft, and

wife of Percy Bysshe Shelley. An illuminating introduction, a chronology, explanatory notes, and a bibliography make "The Mary Shelley Reader" an indispensable resource for students of English Romantic literature.

Jane Eyre. Frankenstein. The Scarlet Letter. You're familiar with these pillars of classic literature. You have seen plenty of Frankenstein costumes, watched the film adaptations, and may even be able to rattle off a few quotes, but do you really know how to read these books? Do you know anything about the authors who wrote them, and what the authors were trying to teach readers through their stories? Do you know how to read them as a Christian? Taking into account your old worldview, as well as that of the author? In this beautiful cloth-over-board edition bestselling author, literature professor, and avid reader Karen Swallow Prior will guide you through Jane Eyre. She will not only navigate you through the pitfalls that trap readers today, but show you how to read it in light of the gospel, and to the glory of God. This edition includes a thorough introduction to the author, context, and overview of the work (without any spoilers for first-time readers), the full original text, as well as footnotes and reflection questions throughout to help the reader attain a fuller grasp of Jane Eyre. The full series currently includes: Heart of Darkness, Sense and Sensibility, Jane Eyre, and Frankenstein. Make sure to keep an eye out for the next classics in the series.

The critic and scholar Heather Cass White offers an exploration of the nature of reading Heather Cass White's Books Promiscuously Read is about the pleasures of reading and its power in shaping our internal lives. It advocates for a life of constant, disorderly, time-consuming reading, and encourages readers to trust in the value of the exhilaration and fascination such reading entails. Rather than arguing for the moral value of reading or the preeminence of literature as an aesthetic form,

Access Free Mary Shelley Frankenstein A Reader Com

Books Promiscuously Read illustrates the irreplaceable experience of the self that reading provides for those inclined to do it. Through three sections—Play, Transgression, and Insight—which focus on three ways of thinking about reading, Books Promiscuously Read moves among and considers many poems, novels, stories, and works of nonfiction. The prose is shot through with quotations reflecting the way readers think through the words of others. Books Promiscuously Read is a tribute to the whole lives readers live in their books, and aims to recommit people to those lives. As White writes, “ What matters is staying attuned to an ordinary, unflashy, mutely persistent miracle; that all the books to be read, and all the selves to be because we have read them, are still there, still waiting, still undiminished in their power. It is an astonishing joy. ”

The original 1818 text of Mary Shelley's classic novel, with annotations and essays highlighting its scientific, ethical, and cautionary aspects. Mary Shelley's Frankenstein has endured in the popular imagination for two hundred years. Begun as a ghost story by an intellectually and socially precocious eighteen-year-old author during a cold and rainy summer on the shores of Lake Geneva, the dramatic tale of Victor Frankenstein and his stitched-together creature can be read as the ultimate parable of scientific hubris. Victor, “ the modern Prometheus, ” tried to do what he perhaps should have left to Nature: create life. Although the novel is most often discussed in literary-historical terms—as a seminal example of romanticism or as a groundbreaking early work of science fiction—Mary Shelley was keenly aware of contemporary scientific developments and incorporated them into her story. In our era of synthetic biology, artificial intelligence, robotics, and climate engineering, this edition of Frankenstein will resonate forcefully for readers with a background or interest in science and engineering, and anyone intrigued by the fundamental questions of creativity and responsibility. This edition of Frankenstein pairs the original 1818 version of the manuscript—meticulously line-edited and amended by Charles E.

Robinson, one of the world's preeminent authorities on the text—with annotations and essays by leading scholars exploring the social and ethical aspects of scientific creativity raised by this remarkable story. The result is a unique and accessible edition of one of the most thought-provoking and influential novels ever written. Essays by Elizabeth Bear, Cory Doctorow, Heather E. Douglas, Josephine Johnston, Kate MacCord, Jane Maienschein, Anne K. Mellor, Alfred Nordmann

More than 200 years after it was first published, Mary Shelley's *Frankenstein* has stood the test of time as a gothic masterpiece--a classic work of horror that blurs the line between man and monster. "If I cannot inspire love, I will cause fear." For centuries, the story of Victor Frankenstein and the monster he created has held readers spellbound. On the surface, it is a novel of tense and steadily mounting dread. On a more profound level, it illuminates the triumph and tragedy of the human condition in its portrayal of a scientist who oversteps the bounds of conscience, and of a creature tortured by the solitude of a world in which he does not belong. A novel of almost hallucinatory intensity, Mary Shelley's *Frankenstein* represents one of the most striking flowerings of the Romantic imagination.

1818 Text of Mary Shelley's Frankenstein

Unlock the more straightforward side of *Frankenstein* with this concise and insightful summary and analysis! This is the classic tale of "Frankenstein," first published in 1818 by Mary Shelley. It tells the story of Victor Frankenstein, a young scientist who creates a grotesque creature. The book is written in the form of letters and narratives by multiple narrators.

The California edition of the Pennyroyal Press "Frankenstein" unites the dark side of Barry Moser's art with the classic 1818 text of Mary Shelley's tale of moral transfiguration. In a vivid sequence of woodcuts, the reader witnesses the birth of the "monster" as Moser shapes him from darkness and gives him a form simultaneously ghastly in its malice and transfixing in its suffering.
