An inspiring collection of drawings and articles exploring the sketchbooks and artistic practices of 50 talented sci-fi concept artists.

An inspiring collection of drawings and articles exploring the sketchbooks and artistic practices of 50 talented character artists.

An inspirational, instructional, and visually stimulating guide to sketching and drawing. Dare to Sketch is filled with practical tips about which materials to use, a variety of subject matter ranging from easy to more challenging, and wisdom about overcoming creative blocks and fear of making mistakes. A whimsical beginner's guide to sketching, covering all of the important basics: what kind of notebook to buy, what drawing materials to use, ideas for subject matter, and daily exercises. Includes inviting, inspirational, and idiosyncratic tips (don't start on the first page of your sketchbook!), Dare to Sketch is gorgeously illustrated with the author's unique and contemporary art style.

Develop your drawing skills and rediscover the world around you with this innovative and beautifully illustrated book. In Sketch Book for the Artist, acclaimed artist and teacher Sarah Simblet teaches you how to draw by combining practical lessons with examples of both her own work and some of the world's greatest drawings. She introduces all the key drawing materials, then shows you how to master the basic elements of drawing in a series of step-by-step drawing classes, covering topics ranging from simple mark-making to establishing form, creating tone, and conveying perspective. You will learn how to explore a wide variety of subjects, from still life, plants, and animals to portraits, the human body, landscapes, and buildings, all of which are introduced with outstanding drawings by famous artists. The bestselling author of Anatomy for the Artist and Botany for the Artist, Sarah demonstrates how she works - from quick pencil sketches to pen and ink studies - with expertise and plenty of encouraging tips, and complements them with plentiful examples from her own drawing books. Sketch Book for the Artist is for anyone who wants to draw, whether you are a complete beginner or would like to refresh your existing skills. Whatever your ability, it will inspire you to reach for a pencil and paper and start drawing.

Meet some of the finest 2D and 3D artists working in the industry today and discover how they create some of the most innovative digital art in the world. More than a gallery book or a coffee table book- Digital Art Masters Volume 5 includes over 50 artists and 900 unique and stunning 2D and 3D digital art. Beyond the breath taking images is a breakdown of the techniques, challenges and tricks the artists employed while creating stunning imagery. This volume, much like the previous volumes is not your standard coffee table book nor is it our usual how-to-book. New to this volume will be 5 artist video tutorials. Five artists will specifically detail an aspect of their gallery image from start to finish, offering further technique driven insight and expertise offering 2 1\u00bd hours of additional inspiration. With a click of a mouse, artists willbe able to apply the leading techniques to their own work with access to additional video tutorials, source files, textures and digital brushes at the companion website: http://www.focalpress.com/digital-art-masters/index.html.

Celebrates the use of optical illusion in art, presenting the importance and uniqueness of such work, discussing such artists as Salvador Dal\u00e0i, M.C. Sesher, and Istv\u00e1n Orosz.
