increasingly complex and technological world the most important thing you can do for your child is to nurture mathability. It is an attitude. Those who say that their child is poor at maths' are doing themselves an injustice. They are undermining the child's future.

Mathability is a skill that teaches a child

Read Free Mathmatters 3 Workbook Answers

how to think. Mathability is a skill that develops the inherent intelligence potential. It enhances problem solving abilities and analytical focus. The methods and the techniques are just as suitable for adults as for children. Indeed, many of the methods have altered the mindset even of senior executives and housewives. To
