Bobcat 500 Manual

Originally called "Melroe  
Manufacturing Company", and  
the name "Bobcat" first sounded  
in 1962 - the so-called one of the  
models of the loader. The  
popularity of the enterprise was  
mainly due to the first mini-  
loader, which was invented  
almost 50 years ago in the USA  
for mechanization of labor-  
consuming loading and unloading  
operations in farms.

Bobcat with brilliant images of these quintessentially American machines at work, including historical photographs and diagrams, alongside the full story of the only compact machines that have ever mattered. Often imitated but never equaled, the Bobcat skid-steer loader was born when some hardy souls in the Northern Plains needed a new way to get work done. The pictures in these pages show how the Bobcat loader has been moving American industry ever since, joined over the years by Bobcat excavators and trenchers, utility trucks and more. Bobcat Fifty Years chronicles the changes and innovations that have kept the company at the forefront of the nation's compact machinery
