Stephen King

Stephen King and first published by Viking Press on June 8, 1987. The novel's narrative is based on the relationship of its two main characters - the popular writer Paul Sheldon and his psychotic fan Annie Wilkes. When Paul is seriously injured following a car accident, former nurse Annie brings him to her home, where Paul receives treatment and doses of pain medication.

Misery (novel) - Wikipedia
Annie Wilkes is a huge ex-nurse, handy with controlled substances and other instruments of abuse, including an axe and a

blowtorch. A dangerous psychotic with a Romper Room sense of good and bad, fair and unfair, Annie Wilkes may be Stephen King's most terrifying creation. It's not fair, for example, that her favorite character in the world, Misery Chastain, has been killed by her creator, as Annie discovers when Paul's latest novel comes out in paperback.

Stephen King | Misery
King's Classic bestseller about a famous novelist held hostage by his Number One Fan. Misery Chastain is dead. Paul Sheldon has just killed her - with relief, with joy. Misery has made

Misery was my first ever Stephen King novel. There I was, an impressionable 14-year-old girl drunk on romances with none-fade-into-black sex scenes. Then my favorite English teacher recommended I read Misery. "Your life will never be the same," he said. He was right. Misery is about the kind of fan that loves their chosen celebrity a little too much. Like the man who shot John Lennon.
