Reviews "If Modest_Witness was a revelation twenty years ago when it was first published, it is essential reading now. We need this book to understand all that has become even more urgent, even more confounding and even more important. It is also a book that reveals how essential is the feminist engagement with science, one that encompasses questions of race and the history of colonialism for ...

~~Haraway on Modest Witnesses and the Scientific Method~~

The Modest Witness counters the traditional model of scientist as heroic knower. The Modest Witness is a situated knower, who witnesses-that is, recognizes-the public practice of science. She is "embedded relationally," which serves as a prophylaxis for both relativism and transcendence (37). The Modest Witness is a cyborg figure who has kinship or affinity with other cyborg creatures: the transgendered FemaleMan@ (from Joanna Russ) and the transgenic OncoMouse™ (brought to you by ...

~~Donna Haraway - Wikipedia~~

The purpose of Haraway's focus on the tropes of oncomouse and femaleman is to reveal the limitations of the conventional modest witness and to support the re-writing of what it means to witness. She calls for a 'still gestating, feminist antiracist, mutated modest witness' (191) and explores this call within the context of global capital, the business of technoscience, and the often narrow critical lens of the left in its engagement with scientific and technological discourse.

Donna Haraway writes a compelling case and critique for contemporary technoscience in her boundary busting book 'Modest_Witness@Second_Millennium: FemaleMan_Meets_OncoMouse'. The title, as weird as it seems, is an E-mail address, one that Haraway uses to connect (us) to the web/net of meanings, metaphors, figures, actors (both human and non-human) and stories of technoscience throughout this book.
