This book tells the story of Europe and its people through its genetic legacy, weaving in the latest archaeological findings. Karin goes deep in search of her genealogy; by having her DNA sequenced and tested and effectively becoming an experimental subject, she was able to trace the path of her ancestors back, through the Viking age,

through the Bronze age to the Neolithic and beyond into prehistory, back even further to a time when Neanderthals ran the European show.

Karin Bojs grew up in a small, broken family. At her mother's funeral she felt this more keenly than ever. As a science journalist she was eager to learn more about herself, her family and the interconnectedness of society. After all, we're all related. And in a sense, we are all family. My European Family tells the story of Europe and its people through its genetic legacy, from the first wave of

immigration to the present day, weaving in the latest archaeological findings. Karin goes deep in search of her genealogy; by having her DNA sequenced she was able to trace the path of her ancestors back through the Viking and Bronze ages to the Neolithic and beyond into prehistory, even back to a time when Neanderthals ran the European show. Travelling to dozens of countries to follow the story, she learns about early farmers in the Middle East and flute-playing cavemen in Germany and France, and a whole host of other fascinating characters. This book looks at genetics from a uniquely pan-European

perspective, with the author meeting dozens of geneticists, historians and archaeologists in the course of her research. The genes of this seemingly ordinary modern European woman have a truly fascinating story to tell, and in many ways it is the true story of Europe. At a time when politics is pushing nations apart, this book shows that, ultimately, our genes will always bind us together.

history: reading and private libraries, domestic devotion, the memory of historical events. Starting with the Renaissance, the investigation broadens to the 17th-18th centuries and other forms of memory: private diaries and autobiographies. A final section is dedicated to the issue of memory in the egodocuments of early modern Europe.

Half of me was thinking, Georgina, don't do this. Stealing a dog is just plain wrong. The other half of me was thinking, Georgina, you're in a bad fix and you got to do whatever it takes to get yourself out of it.

Georgina Hayes is desperate. Ever since her father left and they were evicted from their apartment, her family has been living in their car. With her mama juggling two jobs and trying to make enough money to find a place to live, Georgina is stuck looking after her younger brother, Toby. And she has her heart set on improving their situation. When Georgina spots a missing-dog poster with a reward of five hundred dollars, the solution to all her problems suddenly seems within reach. All she has to do is "borrow" the right dog and its owners are sure to offer a reward. What happens next is the last
