Estimate Sums Worksheet - Turtle Diary
For example, the standard practice for estimating sums and differences of fractions for grammar school students seems to be rounding to the closest 1/2 by rounding to 0, 1/2 or 1. This works well through a calculator such as if you are adding 3/8 + 11/16. 3/8 is closest to 1/2 and 11/16 is less than 3/4 so it is also closest to 1/2.
