Thirteenth Century England II continues the series which began in 1986 with the publication of the first volume of the biannual Newcastle upon Tyne conferences on thirteenth-century England. Important studies of aspects of English society and politics open up new areas of research and re-examine standard interpretations.

Drug overdose, driven largely by overdose related to the use of opioids, is now the leading cause of unintentional injury death in the United States. The ongoing opioid crisis lies at the intersection of two public health challenges: reducing the burden of suffering from pain and containing the rising toll of the harms that can arise from the use of opioid medications. Chronic pain and opioid use disorder both represent complex human conditions affecting millions of Americans and causing untold disability and loss of function. In the context of the growing opioid problem, the U.S. Food and Drug Administration (FDA) launched an Opioids Action Plan in early 2016. As part of this plan, the FDA asked the National Academies of Sciences, Engineering, and Medicine to convene a committee to update the state of the science on pain research, care, and education and to identify actions the FDA and others can take to respond to the opioid epidemic, with a particular focus on informing FDA's development of a formal method for incorporating individual and societal considerations into its risk-benefit framework for opioid approval and monitoring.

First published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

King John's evil reputation has outlasted and proved more enduring than that of Richard III, whose notoriety seemed ensured thanks to Shakespeare's portrayal of him. The paradox is even greater when we realize that this portrait of John endures despite Shakespeare's portrait of him in the play King John, where he hardly comes off as a villain at all. Here Igor Djordjevic argues that the story of John's transformation in cultural memory has never been told completely, perhaps because the crucial moment in John's change back to villainy is a literary one: it occurs at the point when the 'historiographic' trajectory of John's character-development intersects with the 'literary' evolution of Robin Hood. But as Djordjevic reveals, John's second fall in cultural memory became irredeemable as the largely unintended result of the work of three men - John Stow, Michael Drayton, Anthony Munday - who knew each other and who all read a significant passage in a little known book (the Chronicle of Dunmow), while a fourth man's money (Philip Henslowe) helped move the story from page to stage. The rest, as they say, is history. Paying particular attention to the work of Michael Drayton and Anthony Munday who wrote for the Lord Admiral's Men, Djordjevic traces the cultural ripples their works created until the end of the seventeenth century, in various familiar as well as previously ignored historical, poetic, and dramatic works by numerous authors. Djordjevic's analysis of the playtexts' source, and the personal and working relationship between the playwright-poets and John Stow as the antiquarian disseminator of the source text, sheds a brighter light on a moment that proves to have a greater significance outside theatrical history; it has profound repercussions for literary history and a nation's cultural memory.

Practice Makes Perfect! Get the practice you need to succeed on the ACT! Preparing for the ACT can be particularly stressful. McGraw-Hill: 10 ACT Practice Tests, Sixth Edition explains how the test is structured, what it measures, and how to budget your time for each section. Written by renowned test prep experts, this book has been fully updated to match the latest test. The 10 intensive practice tests help you improve your scores from each test to the next. You'll learn how to sharpen your skills, boost your confidence, reduce your stress—and to do your very best on test day. Features Include:

- 10 complete sample ACT exams, with full explanations for every answer
- Updated content matches the new test requirements
- In-depth explanatory answers for every question
- Scoring worksheets to help you calculate your total score for every test
- Free access to additional practice ACT tests online

AN INSTANT NEW YORK TIMES BESTSELLER / AN OPRAH'S BOOK CLUB PICK PRESIDENT OBAMA'S SUMMER 2021 READING LIST In the spirit of *The Known World* and *The Underground Railroad*, "a miraculous debut" (*Washington Post*)? and "a towering achievement of imagination" (*CBS This Morning*) about the unlikely bond between two freedmen who are brothers and the Georgia farmer whose alliance will alter their lives, and his, forever—from "a storyteller with bountiful insight and assurance" (*Kirkus*) A *New York Times* Book Review Editors' Choice A July Indie Next Pick In the waning days of the Civil War, brothers Prentiss and Landry—freed by the Emancipation Proclamation—seek refuge on the homestead of George Walker and his wife, Isabelle. The Walkers, wracked by the loss of their only son to the war, hire the brothers to work their farm, hoping through an unexpected friendship to stanch their grief. Prentiss and Landry, meanwhile, plan to save money for the journey north and a chance to reunite with their mother, who was sold away when they were boys. Parallel to their story runs a forbidden romance between two Confederate soldiers. The young men, recently returned from the war to the town of Old Ox, hold their trysts in the woods. But when their secret is discovered, the resulting chaos, including a murder, unleashes convulsive repercussions on the entire community. In the aftermath of so much turmoil, it is Isabelle who emerges as an unlikely leader, proffering a healing vision for the land and for the newly free citizens of Old Ox. With candor and sympathy, debut novelist Nathan Harris creates an unforgettable cast of characters, depicting Georgia in the violent crucible of Reconstruction. Equal parts beauty and terror, as gripping as it is moving, *The Sweetness of Water* is an epic whose grandeur locates humanity and love amid the most harrowing circumstances.

"This book comprises a wide range of scholarly essays introducing readers to key topics and issues in science education. Science education has become a well established field in its own right, with a vast literature, and many active areas of scholarship. Science Education: An International Course Companion offers an entry point for students seeking a sound but introductory understanding of the key perspectives and areas of thinking in science education. Each account is self-contained and offers a scholarly and research-informed introduction to a particular topic, theme, or perspective, with both citations to key literature and recommendations for more advanced reading. Science Education: An International Course Companion allows readers (such as those preparing for school science teaching, or seeking more advanced specialist qualifications) to obtain a broad familiarity with key issues across the field as well as guiding wider reading about particular topics of interest. The book therefore acts as a reader to support learning across courses in science education internationally. The broad coverage of topics is such that that the book will support students following a diverse range of courses and qualifications. The comprehensive nature of the book will allow course leaders and departments to nominate the book as the key reader to support students – their core 'course companion' in science education."
