A new drama the Pulitzer Prize finalist playwright of A Fair Country follows the experiences of a family coming to terms with long-held secrets when a once-promising novelist returns to her Republican-connected parents' home and announces the imminent publication of a memoir about her antiwar activist brother's politically explosive death. Original.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children’s imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn’t stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

In his blistering new novel, Cormac McCarthy returns to the Texas-Mexico border, setting of his famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain.As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning’s headlines. No Country for Old Men is a triumph.

“One of the Ten Best Plays of the Year! ‘No longer merely promising, Jon Robin Baitz is now a major playwright.’” -- Time Magazine
“Jon Robin Baitz is the American theatre’s most fascinating playwright of conscience. Three Hotels packs an emotional punch that lingers.”--Michael Kuchwara, Associated Press
Dazzling audiences with the linguistic artistry, keen insights and comprehensive vision of Three Hotels, Jon Robin Baitz enhances his reputation as one of America’s most important playwrights. In three dramatic monologues that progress from intellectual cynicism to heartbreaking honesty, he reveals the emotional and physical wounds sustained by the foot soldiers of the conglomerates operating in Third World countries and, by extension, by all Americans adrift in the seas of international commerce and politics. Also included are several shorter works (Four Monologues, Coq au Vin, It Changes Every Year and Recipe for One, or A Handbook for Travelers), each of which, like Three Hotels, “is the fervent prayer that there will be something in this wrecked world to salvage.” Jon Robin Baitz is the author of The Film Society, Other Desert Cities, The End of the Day, and The Substance of Fire, which he adapted into a major motion picture. He was the showrunner on ABC’s Brothers & Sisters. He also wrote the screenplay for the upcoming film Stonewall directed by Roland Emmerich. He lives in New York.

Acclaimed as a modern dramatic masterpiece, Rosencrantz & Guildenstern are Dead is the fabulously inventive tale of Hamlet as told from the worm’s-eye view of the bewildered Rosencrantz and Guildenstern, two minor characters in Shakespeare’s play. In Tom Stoppard’s best-known work, this Shakespearean Laurel and Hardy finally get a chance to take the lead role, but do so in a world where echoes of Waiting for Godot resound, where reality and illusion intermix, and where fate leads our two heroes to a tragic but inevitable end. Tom Stoppard was catapulted into the front ranks of modern playwrights overnight when Rosencrantz and Guildenstern Are Dead opened in London in 1967. Its subsequent run in New York brought it the same enthusiastic acclaim, and the play has since been performed numerous times in the major theatrical centers of the world. It has won top honors for play and playwright in a poll of London Theater critics, and in its printed form it was chosen one of the “Notable Books of 1967” by the American Library Association.

The inspiration for Chloé Zhao’s 2020 Golden Lion award-winning film starring Frances McDormand. “People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid, disturbing (and occasionally wryly funny) book.” —Rebecca Solnit
From the beet fields of North Dakota to the campgrounds of California to Amazon’s CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older adults. These invisible casualties of the Great Recession have taken to the road by the tens of thousands in RVs and modified vans, forming a growing community of nomads. Nomadland tells a revelatory tale of the dark underbelly of the American economy—one which foreshadows the precarious future that may await many more of us. At the same time, it celebrates the exceptional resilience and creativity of these Americans who have given up ordinary rootedness to survive, but have not given up hope.
