First published in 1984, Lucie Aubrac's memoirs Outwitting the Gestapo detail her involvement in the resistance in and around Lyon, from May 1943 to February 1944. The wife of resistance leader Raymond Aubrac, Lucie was heavily involved in the activities of the resistance, including the daring rescue of her own husband from the clutches of the Gestapo.

**Outwitting the Gestapo - The Book Club**

OUTWITTING THE GESTAPO. by Lucie Aubrac | RELEASE DATE: May 28, 1993. A suspenseful rendering of Aubrac's experiences as a French Resistance fighter during WW II. This memoir owes its existence to the 1983 extradition to France of Klaus Barbie, the ``Butcher of Lyon'': In order to refute Barbie's defenders and former collaborators, Aubrac told her story publicly for the first time--and it became a bestseller in France.

Lucie Aubrac (1912-2007), of Catholic and peasant background, was teaching history in a Lyon girls' school and newly married to Raymond, a Jewish engineer, when World War II broke out and divided France. The couple, living in the Vichy zone, soon joined the Resistance movement in opposition to the Nazis and their collaborators. Outwitting the Gestapo is Lucie's harrowing account of her participation in the Resistance: of the months when, though pregnant, she planned and took part in raids to free comrades|including her husband, under Nazi death sentence|from the prisons of Klaus Barbie, the infamous Butcher of Lyon. Her book is also the basis for the 1997 French movie, Lucie Aubrac, which was released in the United States in 1999.

Brilliant, intensely political, and inseparable for nearly 70 years, Lucie Aubrac and her husband, Raymond, are legendary figures of the French Resistance. Founding leaders of Libération-Sud, one of the most important resistance movements in France, they ran the underground newspaper Libération and served as couriers, arms carriers, and saboteurs. In 1943, when the Gestapo imprisoned Raymond, Lucie engineered a daring escape plan that brought her face to face with feared Gestapo chief Klaus Barbie. When Raymond was arrested again, Lucie mounted a second astonishing rescue, ambushing the prison van that was transporting him. For the post-war generation, the Aubracs were heroes. However, in 1983, Klaus Barbie made the bombshell claim that the Aubracs had become informers in 1943, betraying their comrades. Although later discredited, the allegations raised questions around the many embellishments and inconsistencies in the tales Lucie weaved around herself. Who was Lucie Aubrac? What did she really do in 1943? Siân Rees's penetrating account|the first English-language biography of this extraordinary woman|provides a long-needed corrective to Lucie Aubrac's own admittedly "impressionistic" memoir and a fascinating exploration of the intersection of history, legend, and mythologizing.

Agnès Humbert was an art historian in Paris during the German occupation in 1940. Stirred to action by the atrocities she witnessed, she joined forces with several colleagues to form an organized resistance--very likely the first such group to fight back against the occupation. (In fact, their newsletter, Résistance, gave the French Resistance its name.) In the throes of their struggle for freedom, the members of Humbert's group were betrayed to the Gestapo; Humbert herself was imprisoned. I n immediate, electrifying detail, Humbert describes her resistance against the Nazis, her time in prison, and the horrors she endured in a string of German labor camps, always retaining in spite of everything--hope for herself, for her friends, and for humanity. Originally published in France in 1946, the book is now translated into English for the first time.

Critical acclaim for Sisters in the Resistance "Often moving . . . always fascinating . . . women in the FrenchResistance is a key subject. Margaret Weitz has gathered personal testimonies . . . and set them in an intelligible context thathelps us understand how all French people--men andwomen--experienced the Nazi occupation." --Robert Paxton, MellonProfessor of Social Sciences, Columbia University, and author ofVichy France: Old Guard and New Order, 1940-1944. "Compulsive reading . . . a valuable book which vividly portraysthe intricacies of resistance within France, written in an easy butserious style." --Times Literary Supplement (London). "An absolutely stunning and compelling chronicle of dauntlesscourage and unflagging patriotism." --Booklist. "[Margaret Collins Weitz's] well-researched, thoughtful study. . .has filled a gap in the history of World War II." --PublishersWeekly. "Balancing absorbing narrative and astute analysis, MargaretCollins Weitz has integrated the unsung achievements of women intothe history of the French Resistance." --Carole Fink, Professor ofHistory, The Ohio State University, and author of Marc Bloch: ALife in History. "Fifty years after the end of World War II, Sisters in theResistance renders homage to the courageous women of the FrenchResistance. It is high time for their contributions to be fullyacknowledged, and fortunate indeed that they have found such asympathetic, scholarly, and lucid chronicler in Margaret CollinsWeitz." --Marilyn Yalom, author of Blood Sisters: The FrenchRevolution in Women's Memory.

A major work by this prominent Caribbean author and philosopher, available for the first time in English

A member of the French resistance recounts her participation in daring rescue missions

An unforgettable World War II memoir set in Nazi-occupied France and filled with romance and adventure: a former Eastern European Jew remembers his flight from the Holocaust and his extraordinary four years in the French underground. Justus Rosenberg, now 98, has taught literature at Bard College for the past fifty years. In 1937, as the Nazis gained control and anti-Semitism spread in the Free City of Danzig, a majority German city on the Baltic Sea, sixteen-year-old Justus Rosenberg was sent to Paris to finish his education in safety. Three years later, France fell to the Germans. Alone and in danger, penniless, and cut off from contact with his family in Poland, Justus fled south. A chance meeting led him to Varian Fry, an American journalist in Marseille helping thousands of men and women, including many artists and intellectuals|among them Hannah Arendt, Marc Chagall, Andre Breton, and Max Ernst|escape the Nazis. With his German background, understanding of French culture, and fluency in several languages, including English, Justus became an invaluable member of Fry's refugee network as a spy and scout. The spy blond who looked even younger than his age flourished in the underground, handling counterfeit documents, secret passwords, black market currency, surveying escape routes, and dealing with avaricious gangsters. But when Fry was eventually forced to leave France, Gussie, as he was affectionately known, could not get out. For the next four years, Justus relied on his wits and skills to escape captivity, survive several close calls with death, and continue his fight against the Nazis, working with the French Resistance and later, becoming attached with the United States Army. At the war's end, Justus emigrated to America, and built a new life. Justus's story is a powerful saga of bravery, daring, adventure, and survival with the soul of a spy thriller. Reflecting on his past, Justus sees his life as a confluence of circumstances. As he writes, |I survived the war through a rare combination of good fortune, resourcefulness, optimism, and, most important, the kindness of many good people. |

The people of Denmark managed to save almost their country's entire Jewish population from extinction in a spontaneous act of humanity -- one of the most compelling stories of moral courage in the history of World War II. Drawing on many personal accounts, Emmy Werner tells the story of the rescue of the Danish Jews from the vantage-point of living eyewitnesses-- the last survivors of an extraordinary conspiracy of decency that triumphed in the midst of the horrors of the Holocaust. A Conspiracy of Decency chronicles the acts of people of good will from several nationalities. Among them were the German Georg F. Duckwitz, who warned the Jews of their impending deportation, the Danes who hid them and ferried them across the Oresund, and the Swedes who gave them asylum. Regardless of their social class, education, and religious and political persuasion, the rescuers all shared one important characteristic: they defined their humanity by their ability to act with great compassion. These people never considered themselves heroes -- they simply felt that they were doing the right thing.

Diary of the Dark Years is a sharply observed record of day-to-day life in occupied Paris, but far more: it is "a remarkable essay on courage and cowardice" (Wall Street Journal), expressing both shame at French collaboration with the Nazis and the stubborn resistance of an intellectual under great pressure.

An authoritative account of the 1916 revolt in Arabia and T. E. Lawrence's lesser-known role in key events draws on previously unavailable archival material to offer insight into the uprising's complexities and contributions to modern Middle East conflicts. Reprint.
