Our Business English course is specially designed to meet the needs of the modern working environment. Our Business English course is composed of: 15 hours General English per week. This gives students the opportunity to work on their overall level of English to improve their language level in everyday situations both in and out of work.

An updated edition of Oxford's best-selling business English course.

Business Basics is a complete first course in English for business, with thorough coverage of basic grammar and skills. While the language level is low, the material is relevant to the business world, and real companies and business personalities are featured. The Teacher's Book includes classroom notes, an answer key, photocopiable resource material, and progress tests.

2,000 words at each level show the meaning and how words work in context 'I can...' approach to each unit so students can see learning goals Fully integrated Super Skills CD-ROM with interactive listening and speaking activities and pronunciation model for every vocabulary item 'Cover and check' card makes it easy for students to test themselves Regular review units so students can check progress

Readers refresh and strengthen language skills with proven grammar instruction and extensive learning resources found in BUSINESS ENGLISH, 12E by Mary Ellen Guffey and Carolyn Seefer. The market leader in grammar and mechanics since its first publication, BUSINESS ENGLISH uses a three-level approach to divide topics into manageable units that help readers hone the critical skills needed most. Packed with insights from the authors' more than 60 years of combined classroom experience, this edition helps readers develop the strong language skills necessary to perform confidently in today's digital classroom and tomorrow's workplace. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Part of the Leadership Development Publication Series, aimed at improving local government, managing change, setting goals and objectives, providing local resources, and helping community leaders and organizations work together.

An expanding series of short, specialist English courses for different professions, work skills, and industries.

Helps students to combine their knowledge of English with their technical knowledge. Develops all four skills through varied activities, with special emphasis on vocabulary acquisition and grammatical accuracy. Up-to-date technical content. Authentic reading and listening passages covering a wide range of topics, e.g. the use of virtual reality in industry, personal computing, viruses and security, information

systems, and multimedia. Letter-writing section offering a complete guide to writing simple, work-related letters. Comprehensive glossary of technical terms which forms a useful mini-dictionary of computing terminology. Separate Answer Book with a key to all exercises, the tapescripts, and useful unit-by-unit teaching notes. Designed for easy use by the non-specialist teacher.

These reading and writing exercises correlates page-for-page with the dictionary. An answer key is included.
