Reiki is a unique system of healing that allows you to harness and transmit energy through your hands, restoring balance and harmony within the body and bringing relief to a wide range of physical and

emotional

problems. This  
book, by

renowned Reiki  
teacher Richard  
Ellis,

illustrates all  
the hand  
positions used  
for the first  
level of Reiki,  
but it goes much  
further and  
shows them in

their relation  
to the seven  
chakras. Chakras  
are the main  
energy points of  
the body and  
provide the  
anatomy of  
energy healing.  
These are  
different for  
everyone, and so  
to practise  
Reiki

effectively you need to understand a person's chakras, which will in turn explain the type of person they are and the health problems they are vulnerable to. For example, one person may have

an excessive  
first chakra,  
making them  
prone to obesity  
or digestive  
problems, and to  
pessimism, while  
another may be  
deficient,  
making them  
vulnerable to  
anorexia and  
restlessness.  
You would

therefore  
approach these  
two people  
differently.  
Reiki and the  
Seven Chakras  
captures the  
feeling of  
wonder that  
surrounds Reiki,  
but it is also  
an immensely  
practical guide.  
So many of the

written from a

incredibly  
interesting to

very accessible  
– essential if

Reiki.
