NHS Test and Trace: Advice for community pharmacy | PSNC

The government has used the term several times since it announced cuts to pharmacy funding - but what is a pharmacy 'cluster' and why is it so keen to remove them? The Department of Health (DH) first used the term "clustering" to describe areas where there are several pharmacies in its open letter announcing a 6% cut to pharmacy funding at the end of last year.

Pharmacy clusters - what they are and why DH wants them

Find a pharmacy As qualified healthcare professionals, they can offer clinical advice and over-the-counter medicines for a range of minor illnesses, such as coughs, colds, sore throats, tummy trouble and aches and pains. If symptoms suggest it's something more serious, pharmacists have the right training to make sure you get the help you need.

What to expect from your pharmacy team - NHS
