If you are a reader who likes flowery, descriptive writing, this might throw you for a loop initially. The story is told inelaborately, and there is no hesitation in describing the ugliness of Yelena's situation.

Poison Study (Study, #1) by Maria V. Snyder
Poison Study is a 2005 fantasy novel written by Maria V. Snyder and the first book in the Study series. It tells the story of a nineteen-year-old girl named Yelena, who after spending just less than a year in a dungeon awaiting execution is given the chance to live on the condition that she will become the Commander's Food Taster.

Sadly, "Poison Study" didn't work for me and I never became as invested as I had hoped to be. In my opinion, the bulk of the issues originated with the writing. I think I could have connected with the story more had the writing been more engaging, but this style/execution prevented that from happening.
