Now in its fifteenth edition, this well-respected and highly regarded book covers all areas of law and legal procedure which are of interest to

Where To Download Police Law

police officers. Updated to include new legislation such as the Counter-Terrorism and Security Act 2015, the Criminal Justice and Courts Act 2015, the Deregulation Act 2015, the Modern Slavery Act 2015, the Serious Crime Act 2015 and the Psychoactive Substances Act 2016. There is also discussion of important changes to PACE Codes A, and E, new case law and a revised structure reflecting the changing nature of policing and the challenges officers face.

Comprehensive and easy to understand, Police Law is an indispensable everyday reference book for police officers, and is the only book covering all areas of police law. The book also provides a good source of information for members of the public who wish to refer to a legal text written in an accessible way. Police

Where To Download Police Law

Law is accompanied by a useful companion website containing regular updates on changes in the law throughout the life of the print edition.

For the past 40 years, the majority of law enforcement personnel could depend on regular salary increases, better health care, and pension benefits while reaping the advantages of belonging to an organization that was learning how to gain and use political power. However, these peaceful and untroubled days are over. Police unions, despite their best efforts at the bargaining table, now find themselves preparing their members for layoffs, pay and benefit cuts, and more restrictive working conditions. Leaders are trying to fight back against

Where To Download Police Law

the well-financed, organized efforts to weaken the public sector unions, eliminate collective bargaining rights, end defined benefit pensions, and privatize the job. Police unions must change the way they do business if they want to survive. This book identifies how to mount an effective political campaign, the complexities of confrontations, and the reasons police union leaders fail. The book is divided into five primary parts, each of which explores police union management. Part I focuses on the myriad of police challenges, Part II examines the three reasons union leaders fail, Part III examines the ability to embrace reforms, Part IV discusses the future of policing, and finally, Part V evaluates the national and international perspectives on the current issues that impact policing.

Where To Download Police Law

Areas of discussion include officer-involved shootings; stopping the growing racial divide between law enforcement and citizens; complex issues concerning body cams; how to use social media effectively; mastering a certain leadership style; changing the culture of unions; more diversity among leadership; and motivating membership. By following the superb analysis and creative ideas for solutions in this book, police labor leaders, law enforcement personnel, and policymakers will see the quality of their efforts improve remarkably.

The police represent an essential law enforcement entity to some, while others see police officers as often corrupt, prone to unfair racial profiling, and quick to use unnecessary force.

"Police and Law Enforcement"

Where To Download Police Law

examines many aspects of policing in society, including their common duties, legal regulations on those duties, problematic policing practices, and alternatives to traditional policing.

This 396-page book provides specific guidance on pre-trial criminal procedure of all sorts, and explains in understandable terms what you can do and what you can't do under 4th Amendment search and seizure law. From traffic checkpoints and forceful felony arrest, from Miranda warnings to inmate and cell searches, it's all covered in this concise reference. In addition, numerous charts and guides are included throughout the book to make this as practical a guide as possible.

You're probably breaking the law right

procedures, police power and its limitations, and civil liability of police officers and agencies. Including specific case examples, this revised edition provides the most current information for students and law enforcement professionals needing to develop a modern understanding of the law. Authors Walker and Hemmens have added introductory and summary chapters to this edition, which aid readers in understanding the context, importance, and applicability of the case law. All chapters have been updated to reflect U.S. Supreme Court decisions up to and including the 2013 term of court. Among the important new cases covered are: Bailey v. United States (2013), Berghuis v. Thompkins (2010), Kentucky v. King (2010), Maryland v. King (2013), and Michigan v. Bryant

(2011). A helpful Appendix contains the Bill of Rights and the Fourteenth Amendment, and a Table of Cases lists every case referenced in the text.

This is the first textbook to offer a comprehensive and up-to-date account of police intelligence work based on current research, and to assess how intelligence may be used wisely and ethically to influence policing policy and practice.

Violent crime has been rising sharply in many American cities after two decades of decline. Homicides jumped nearly 17 percent in 2015 in the largest 50 cities, the biggest one-year increase since 1993. The reason is what Heather Mac Donald first identified nationally as the “Ferguson effect”: Since the 2014 police shooting

Where To Download Police Law

death of Michael Brown in Ferguson, Missouri, officers have been backing off of proactive policing, and criminals are becoming emboldened. This book expands on Mac Donald's groundbreaking and controversial reporting on the Ferguson effect and the criminal-justice system. It deconstructs the central narrative of the Black Lives Matter movement: that racist cops are the greatest threat to young black males. On the contrary, it is criminals and gangbangers who are responsible for the high black homicide death rate. *The War on Cops* exposes the truth about officer use of force and explodes the conceit of "mass incarceration." A rigorous analysis of data shows that crime, not race, drives police actions and prison rates. The growth of proactive policing in the 1990s, along with lengthened

Where To Download Police Law

sentences for violent crime, saved thousands of minority lives. In fact, Mac Donald argues, no government agency is more dedicated to the proposition that “black lives matter” than today’s data-driven, accountable police department. Mac Donald gives voice to the many residents of high-crime neighborhoods who want proactive policing. She warns that race-based attacks on the criminal-justice system, from the White House on down, are eroding the authority of law and putting lives at risk. This book is a call for a more honest and informed debate about policing, crime, and race.
