Post Office Jobs: How to Get a Job with the U.S. Postal Service: Amazon.co.uk: Damp, Dennis V., Ledgerwood Ms., Nancy, Foster, George: Books

Describes salaries, job descriptions, and skill requirements for a variety of Post Office jobs.

Anyone interested in a challenging career with excellent pay needs to explore the Postal Service job market. The average annual salary for employees, including benefits, exceeds \$77,000 and professional and administrative employees earn up to six figures per year. The new 7th edition covers ALL occupations from mail carrier, maintenance, and clerical to professional and administrative. A comprehensive 473 Postal Exam study guide is included. It provides all the information needed to locate and apply for job vacancies and prepare for postal exams and the job interview. Learn how to navigate the Postal service's eCareer hiring system and explore all available hiring options. Readers will discover how to get their foot in the door through casual temporary appointments. Having worked 351/2 years for Uncle Sam, the author offers an insider's perspective on what it takes to go from job hunter to hired, and everything in between.

Discusses the job positions, postal exams, pay, applications and resumes, interview process, and related civil service positions for those interested in a postal service career.

The comprehensive postal test-prep guide that delivers through rain, sleet, and snow Now that the U.S. Postal Service has replaced its obsolete 470 test with the updated and more difficult 473 and 473C hiring exams, you need this book more than ever if you want to qualify for employment. It's packed with timed, skill-building drills to help you answer questions faster and more accurately.

Annotation Comprehensive Prep for the Postal Exams, Test 473 and 473-C This book provides information on postal exams, benefits and post procedures: * There is an explanation of the Federal Employees Retirement System. * It offers sample tests and helpful study information for Test 473 and Test 473-C. * In the book, there are 9 sample tests for Address Checking, 5 sample tests for Forms Completion and 7 sample tests for Coding and Memory. * There are strategies for getting a high score. * You will learn how to find and how to apply for postal jobs through the Internet. * The new positions PSE (from 2011) and CCA (from 2013) are explained. * The author scored 100% on the Postal Exams six times. * The Author has operated the Postal Entrance Exams School for 18 years in Los Angeles, California.

"It began as a mistake." By middle age, Henry Chinaski has lost more than twelve years of his life to the U.S. Postal Service. In a world where his three true, bitter pleasures are women, booze, and racetrack betting, he somehow drags his hangover out of bed every dawn to lug waterlogged mailbags up mud-soaked mountains, outsmart vicious guard dogs, and pray to survive the day-to-day trials of sadistic bosses and certifiable coworkers. This classic 1971 novel—the one that catapulted its author to national fame—is the perfect introduction to the grimly hysterical world of legendary writer, poet, and Dirty Old Man Charles Bukowski and his fictional alter ego, Chinaski.

From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

The classic guide to working from home and why we should embrace a virtual office, from the bestselling authors of Rework "A paradigm-smashing, compulsively readable case for a radically remote workplace."—Susan Cain, New York Times bestselling author of Quiet Does working from home—or anywhere else but the office—make sense? In Remote, Jason Fried and David Heinemeier Hansson, the founders of Basecamp, bring new insight to the hotly debated argument. While providing a complete overview of remote work's challenges, Jason and David persuasively argue that, often, the advantages of working "off-site" far outweigh the drawbacks. In the past decade, the "under one roof" model of conducting work has been steadily declining, owing to technology that is rapidly creating virtual workspaces. Today the new paradigm is "move work to the workers, rather than workers to the workplace." Companies see advantages in the way remote work increases their talent pool, reduces turnover, lessens their real estate footprint, and improves their ability to conduct business across multiple time zones. But what about the workers? Jason and David point out that remote work means working at the best job (not just one that is nearby) and achieving a harmonious work-life balance while increasing productivity. And those are just some of the perks to be gained from leaving the office behind. Remote reveals a multitude of other benefits, along with in-the-trenches tips for easing your way out of the office door where you control how your workday will unfold. Whether you're a manager fretting over how to manage workers who "want out" or a worker who wants to achieve a lifestyle upgrade while still being a top performer professionally, this book is your indispensable guide.

Covers all the real-world issues not taught in medical school Audience includes residents (85,000+) looking for a job each year and practicing physicians and surgeons seeking a job change
