This is done by:- Presenting grammar concepts clearly.- Comparing the new grammar concept to similar grammar concepts the student is already aware of. This helps the students understand the similarities and differences, developing their ability to apply grammar in a way that communicates their thoughts clearly.- Expanding into uses in other situations. We present other contexts that a part of speech is used in, guiding the student to reason, come to their own conclusions, and discover why. Real Grammar includes explanations and practice activities that can be taught as grammar lessons or can be easily integrated into other English classes. www.realgrammar.com
