According to the Oregon Reading First Center, DIBELS progress monitoring is when teachers give the same assessment to their students throughout the school year to see if students are making progress toward their reading goals and mastering curriculum objectives and state standards. When the DIBELS assessment is given at the beginning of the school year to all students, teachers can use that information to group students with the same ability levels together and to guide reading instruction.

How to Use DIBELS Progress Monitoring with All Students ...

The DIBELS test can be used by classroom teachers, reading teachers, and literacy coaches. Cons. The DIBELS assessment is often the center of controversy. People see the pros and cons, but many teachers focus only on the cons they've heard. There are a few drawbacks to the DIBELS.

Progress Monitoring

Word Reading Fluency (WRF) is now part of the DIBELS assessment system. A part of reading not previously assessed in DIBELS is sight word reading out of context. While most CBM systems assess either nonsense word reading or real word reading, DIBELS 8th Edition offers tests of both NWF and WRF in kindergarten through third grade. WRF targets real words based on age of acquisition in children's vocabulary (Brysbart & Biemiller, 2017) and their frequency in written text (Balota et al., 2007).
