This reader reprints critical essays published over the course of a 100-year history that grapple with the challenges of defining and justifying the presence of humanities instruction in medical education. It provides insights to some of the newer approaches that branch out from the familiar subjects of history and literature to include theater, art, poetry, and disability studies. With a comprehensive historiographical introduction as well as prefaces to each article, including new reflections by many of the original authors themselves, the volume enables reflection on how the diversity of disciplinary perspectives and multiplicity of theoretical frameworks relate to each other historically and thematically. This volume is an invaluable resource for anyone engaged with humanities in health care education.

Free and Ennobled: Source Readings in the Development of Victorian Feminism covers the knowledge gap in the field of Victorian feminist studies. This book is the outgrowth of a college course on the Victorian Woman. This book is composed of ten chapters, and begins with an introduction to womanhood. The succeeding chapters deal with the emergence of feminism and the introduction of the Victorian Feminism movement as part of social adjustment. Other chapters are devoted to controversial issues in women's right, including education, emancipation, work, and political rights. The final chapters discuss the achievements of the Victorian Feminism movement. This book will prove useful to sociologists.
