Information service, in the most
general sense, is the process of
assisting library users to identify
sources of information in response to
a particular question, interest,
assignment, or problem. Sometimes
referred to as reference service, the
Reference and User Services

Reference service is the supreme and ultimate function of the library. This is infact the hub of all library activities. Reference service is sometimes referred to as ‘ reference and information services ’ or ‘ reader services ’ . According to A.B. Kroeger – Reference service as “ assistance in the use of resources of the library ” .

Reflecting the dramatic changes shaped by rapidly developing technologies over the past six years, this new fourth edition of Reference and Information Services takes the introduction to reference sources and services significantly beyond the content of the first three editions. In Part I, Concepts and Processes, chapters have been revised and updated to reflect new ideas and methods in the provision of reference service in an era when many users have access to the Web.

REFERENCE SERVICES AND

INFORMATION ACCESS The term

"reference service" is defined simply
as personal assistance provided to
library users seeking information.

Individuals who hold a master's
degree in the field of library and
information sciences or information
studies typically provide the service.
