Revolution and War in Spain, 1931-1939: Amazon.co.uk ...

1936-1939: The Spanish civil war and revolution. A short history of the Spanish civil war and revolution which broke out in response to the right-wing and fascist coup attempt of General Franco. The war lasted for three years and ended with Franco's victory, aided by fascist Italy and Nazi Germany. The revolution saw huge swathes of Spanish industry and agriculture socialised and run collectively by the workers and peasants.

1936-1939: The Spanish civil war and revolution

The back cover says it all: "The Revolution and the Civil War in Spain' is a classic, indispensable account of one of the twentieth century's most decisive political conflicts." The Spanish Civil War is perhaps one of the most historiographically intense and contested periods of history.

REVOLUTION AND CIVIL WAR IN SPAIN, THE: Amazon.co.uk ...

The Revolution and the Civil War in Spain remains one of the most cogent histories of events in Spain between 1936 and 1939. In the first part of the book the great Marxist historian Pierre Brou é deals with the social revolution and political evolution of the Republican zone. At the time the book was originally published in French in 1961 most histories barely mentioned the social revolution that swept half of Spain in 1936.

Revolution and war in Spain in 1936 - a battle that could ...

An account of the Spanish Revolution and the Civil War mostly from the radical left perspective of the Republican side: anarcho-syndicalists, socialists, communists. It treats the liberals, and fascists only insofar as to make the events comprehensible to the reader.

The Revolution And The Civil War In Spain by Pierre Brou é

The Spanish Revolution was a workers' social revolution that began during the outbreak of the Spanish Civil War in 1936 and resulted in the widespread implementation of anarchist and more broadly libertarian socialist organizational principles throughout various portions of the country for two to three years, primarily Catalonia, Aragon, Andalusia, and parts of the Valencian Community.

Spanish Revolution of 1936 - Wikipedia

Spain's involvement in the American Revolutionary War was widely regarded as a successful one. The Spanish took a gamble in entering the war, banking on Great Britain's vulnerability caused by the effort of fighting their rebellious colonists in North America while also conducting a global war on many fronts against a coalition of major powers. This helped Spain gain some relatively easy conquests.

Spain and the American Revolutionary War - Wikipedia

Spanish Civil War, (1936 – 39), military revolt against the Republican government of Spain, supported by conservative elements within the country. When an initial military coup failed to win control of the entire country, a bloody civil war ensued, fought with great ferocity on both sides.

Spanish Civil War | Definition, Causes, Summary, & Facts ...

War and revolution against Napoleon's occupation led to the Spanish Constitution of 1812, promulgated by the Cortes of C á diz, later a cornerstone of European liberalism. The burden of war destroyed the social and economic fabric of Portugal and Spain, and ushered in an era of social turbulence, increased political instability, and economic stagnation.

Revolution and War in Spain, 1931-1939 eBook by ...

By 10 July, Spain also decided to make peace, recognizing the revolutionary government and ceding the territory of Santo Domingo, but returning to the pre-war borders in Europe. This left the armies on the Pyrenees free to march east and reinforce the armies on the Alps , and the combined army overran Piedmont .

This collection of essays constitutes a magnificent monument to recent scholarship on the Second Republic and the Civil War. It is indispensable for a full understanding of the period.' - Raymond Carr

This collection of essays constitutes a magnificent monument to recent scholarship on the Second Republic and the Civil War. It is indispensable for a full understanding of the period.' - Raymond Carr

A detailed account of the war describes Republican political life during the period and recounts the rise of the Spanish Communist Party

This book analyses the processes of revolution and state reconstruction that took place in the Republican zone during the Spanish civil war. It focuses on the radical anarchists who sought to advance the revolutionary agenda. Their activity came into conflict with the leaders of the libertarian organisations committed to the reconstruction of the Republican state following its near collapse in July 1936. This process implied participation not only in the organs of governance but also in the ideological reconstitution of the Republic as a patriarchal and national entity. Using original sources, the book shows that the opposition to this process was both broader and more ideologically consistent than has hitherto been assumed, and that, in spite of its heterogeneity, it united around a common revolutionary programme. This resistance to state reconstruction was informed by the essential insight of anarchism: that the function and purpose of the modern state cannot be transformed from within. By situating the struggles of the radical anarchists within the contested process of state reconstruction, the book affirms the continued relevance of this insight to the study of the Spanish revolution.

An outstanding history that shows how a promising workers' movement ended in a fascist victory. What emerges most clearly in this detailed and long out of print history, is how the popular front held back radical measures that would have galvanised the working class and peasant base of the revolution, and decisively weakened Franco's forces. Author Pierre Broue way for many years a professor of contemporary history at the Institut d'Etudes politiques in Grenoble, and was a world-renowned specialist on the Communist and international workers' movements.

Between 1936 and 1939, the Spanish Civil War showcased anarchism to the world. News of the revolution in Spain energised a moribund international anarchist movement, and activists from across the globe flocked to Spain to fight against fascism and build the revolution behind the front lines. Those that stayed at home set up groups and newspapers to send money, weapons and solidarity to their Spanish comrades. This book charts this little-known phenomenon through a transnational case study of anarchists from Britain, Ireland and the United States, using a thematic approach to place their efforts in the wider context of the civil war, the anarchist movement and the international left.

The definitive work on the Spanish Civil War, a classic of modern historical scholarship and a masterful narrative.

The Spanish Civil War (1939-1939) was one of the bloodiest internecine conflicts of the modern era, resulting in a repressive and brutal military dictatorship which lasted for almost forty years. Starting with an account of the background to the wat, Sheelagh Ellwood traces the history of the Second Republic (1931-1936), culminating in the electoral victory of the Popular Front in 1936. The author then charts analyses the dramatic chain of events of the Civil War: the army uprising in Morocco in July 1936, the Nationalist advances in southern northwestern Spain, the protracted resistance of Catalonia and Madrid, and the final victory of Franco ' s forces in the spring of 1939.

First published in France in 1961 as La Revolution et la guerre d'Espagne,this book explains the major issues of the Spanish Civil War in a remarkably clear and comprehensive fashion. The authors focus on the internal affairs of the Republic and the Anarchist collective experiments in particular. For further description, the book is best served by its critics: "The Broue-Temime work is the best general interpretation available concerning both the revolution of 1936 and the war. It is especially valuable for analysis of the CNT, the POUM, and the anarchists in both the industrial and rural areas of Catalonia. It contains rich chapters on the first days of the war in the large cities and on the May, 1937, struggle in the streets of Barcelona." —Gabriel Jackson, Hispanic American Historical Review "This, by contrast (with the work of Hugh Thomas), is what gives weight to the fine works of Pierre Broue: the effort by which he constructs a Spanish war where events, parties, and man, the motives that guided them, the difficulties they encountered, their feelings, debates, ideas, and sacrifices are arranged and told in order to make them comprehensible." —Jean-Pierre Peter, Annales: Economies, Societes, Civilisations "Broue has prepared the first half [of the book], dealing with the Spanish background, the revolution, and the first year of the war... [He] gives a particularly good treatment of the origins of the Spanish Communist party. "In the second half of this composite work, Temime has presented a clear, concise, and perceptive account of the military events in the last two years of the war and of the construction of Franco's authoritarian state." —Stanley G. Payne, Journal of Modern History

A rousing and full-blooded account of the Spanish Civil War and the rise to prominence of General Franco.
