In The Immorality of Punishment Michael Zimmerman argues forcefully that not only our current practice but indeed any practice of legal punishment is deeply morally repugnant, no matter how vile the behaviour that is its target. Despite the fact that it may be difficult to imagine a state functioning at all, let alone well, without having recourse to punishing those who break its laws, Zimmerman makes a timely and compelling case for the view that we must seek and put into practice alternative means of preventing crime and promoting social stability.

Harry Ferguson's contribution to agriculture was enormous. His Ferguson System took farm mechanisation a giant leap forward and was universally copied by other manufacturers. Indeed it remains a basic feature of tractor and implement design worldwide today. He was also an innovator in offering in addition to his tractor a complete range of implements designed specifically for it, from ploughs to post-hole borer, something no manufacturer had done before, and a strategy that greatly increased sales of Ferguson products. He really knew how to sell, and in addition he outdid all his competitors in the promotion and marketing of the Ferguson range. This book brings together a wide selection of Ferguson advertisements published in journals and magazines in both the UK and the USA, from the days of the Ferguson Brown tractor through the Ford Ferguson, TE20, TO20, TO30, TO35 and Ferguson FE35 to the Ferguson 40, the last of the line prior to the introduction of the Massey-Ferguson MF35. Implements and farm equipment made for Fergusons are also covered. Author John Farnworth is well known through his previous publications, and here he studies a subject that has a broad appeal to tractor enthusiasts and to the army of collectors of Ferguson memorabilia, while at the same time providing an overview of the life and times of the Ferguson brand. More than 000 advertisements are reproduced in the book.

A proud and spirited woman whose life was stolen from her. . .A man of secrets accused of a terrible crime. . .In a place of new beginnings their destinies are joined—in a gloriously romantic new work from the incomparable storyteller. The fiery and outspoken adopted daughter of one of England's most formidable women, Shemaine O'Hearn has made powerful enemies. And now her adversaries have found a way to remove the hot-blooded beauty from her life of privilege: by falsely convicting Shemaine of thievery and sending her in shackles to America, where she is to be sold in indentured servitude to the highest bidder. In a bustling port city in the colony of Virginia, she becomes the servant of Gage Thornton—a shipbuilder with a young child in need of a nanny. And despite whispered rumors condemning the handsome widower for the untimely death of his wife, Shemaine cannot ignore her desire for this caring, generous and enigmatic stranger who silently aches with his growing need for her—even as grave peril reaches out from across a vast ocean to threaten their flowering love.

The Thickety: A Path Begins is a spellbinding tale about a girl, the Thickety, and the power of magic. Fans of Neil Gaiman will love this thrilling new world. When Kara Westfall was five years old, her mother was convicted of the worst of all crimes: witchcraft. Years later, Kara and her little brother, Taff, are still shunned by the people of their village, who believe that nothing is more evil than magic...except, perhaps, the mysterious forest that covers nearly the entire island. It has many names, this place. Sometimes it is called the Dark Wood, or Sordy's Realm. But mostly it's called the Thickety. The villagers live in fear of the Thickety and the terrible creatures that live there. But when an unusual bird lures Kara into the forbidden forest, she discovers a strange book with unspeakable powers. A book that might have belonged to her mother. And that is just the beginning of the story.
