Goodreads Review Sejarah Indonesia Modern 1200-2008 (revisi kedua) Very informative book. Hard to get into at first when you don't know the subject at all. Lots of unfamiliar place names, all maps tucked at the back but would have been helpful in the chapters where mentioned.

The core argument of this book is that citizenship is produced and practiced through movements against injustice. These take the shape of struggles by people at the grass-roots level and middle classes and their representing organisations and activists for cultural recognition, social and economic justice, and popular representation. Such popular struggles in Indonesia have largely ended up engaging with the state through both discursive and non-discursive processes. While the state is a common focal point, these struggles are fragmented across different sectors and subject positions. Developing chains of solidarity among fragments of struggles is highly important, yet attempts at bridging fragmentation leave much to be desired. The character and fragmentation of popular struggles reflects the diversity of injustices and subject positions in society, but is also shaped by political dynamics. The struggle for citizenship and the historical development of democracy in Indonesia are closely interwoven. The inability to bridge fragmentation among citizenship struggles mimics pro-democracy movements' lack of capacity in building broader alliances. Likewise, these movements' tendency toward elitism and habit of penetrating the State also characterise current struggles for citizenship. In this situation of multiple injustices, collectivities and mobilisations, it could be argued that democratic representation and politics is the foremost arena for integrating and transforming antagonistic relations within fragmented popular struggles. However, this requires a democracy that not only has sovereign control over public affairs, but also contains robust channels and organisations for political representation. In Indonesia, it is found that formal democracy is underperforming in this respect. It is thus a foremost concern to transform democracy itself, also as a means for transforming structures of injustice in society. The development of transformative agendas, organisations, and strategies remains a continued need and challenge for the realisation of citizenship in contemporary Indonesia.

Mahasiswa hukum yang belajar di Indonesia, sudah sepatutnya mengetahui sejarah berbagai hukum yang berlaku di Indonesia, baik hukum yang berkaitan dengan ketatanegaraan Indonesia, yakni mengenai sejarah lahirnya Pancasila sebagai sumber dari segala sumber hukum yang berlaku di Indonesia, dan mengenai Undang-Undang Dasar 1945. Di samping itu, juga wajib mempelajari sejarah hukum yang berkaitan dengan hukum perdata dan hukum pidana yang berlaku di Indonesia, baik yang telah dikodifikasikan dalam KUH Pidana Umum, KUH Pidana Militer, maupun KUH Perdata. Buku ini tidak hanya membahas sejarah hukum, melainkan juga membahas sejarah badan-badan peradilan seperti peradilan umum dan peradilan militer, termasuk Mahkamah Agung RI dan Mahkamah Konstitusi RI. Serta badan-badan peradilan internasional, yakni badan peradilan internasional ad hoc dan permanen. Di samping itu, juga dipaparkan sejarah hukum sejak zaman kuno—sejak dunia mengenal kodifikasi hukum; serta sejarah tradisi hukum yang dominan di dunia. Buku ini sejatinya ditujukan sebagai buku ajar mata kuliah Sejarah Hukum di Sekolah Tinggi Hukum Militer (STHM). Namun demikian, materi yang terkandung di dalamnya patut dipelajari oleh para mahasiswa Fakultas Hukum, maupun para pembaca yang berminat dengan sejarah hukum Indonesia. Buku

A new, comprehensive, one volume history of Southeast Asia that spans prehistory to the present. Ricklefs brings together colleagues at the National University of Singapore whose expertise covers the entire region, encompassing political, social, economic, religious and cultural history. Opening with an account of the ethnic groups and initial cultural and social structures of Southeast Asia, the book moves through the early 'classical' states, the arrival of new global religions and the impact of non-indigenous actors. The history of early modern states and their colonial successors is followed by analysis of World War II across the region, Offering a definitive account of decolonisation and early post-colonial nation-building, the text then transports us to modern-day Southeast Asia, exploring its place in a world recovering from the financial crisis. The distinguished author team provide an authoritative and accessible narrative, drawing upon the latest research and offering detailed guidance on further reading. A landmark contribution to the field, this is an essential text for scholars, students and anyone interested in Southeast Asia.

Potret perjalanan sejarah bangsa, sejak prakemerdekaan hingga era reformasi. Bangsa kita, secara de facto dan de jure, sudah merdeka. Tapi, realitasnya berbicara lain. Fenomena paradoksal justru sering terjadi di masyarakat. Mereka sengsara, miskin, serta mengalami diskriminasi dan subordinasi. Padahal, kemerdekaan itu milik rakyat, bukan milik elit politik, penguasa.

Buku ini menyajikan sejarah penjajahan Inggris di Yogyakarta dan arogansi pemimpin Inggris terhadap Sultan Yogyakarta. Dikisahkan dalam buku ini mulai dari berdirinya Kesultanan hingga terjadinya penyerangan Inggris ke Keraton Yogyakarta. Disajikan pula imbas dari Geger Sepoy ini terhadap Keraton Yogyakarta. Buku ini ditulis dengan detail dan analisis yang tajam sehingga mudah untuk dibaca. Harapan saya dengan adanya buku ini akan lebih bermakna untuk mengetahui dan mempelajari sejarah perjuangan bangsa Indonesia pada umumnya dan sejarah Yogyakarta pada khususnya.
