DESCRIPTION Basic coated electrode with an alloyed core wire for welding of Nickel-Chromium-Molybdenum alloys to themselves and to lower alloyed steels as well as for welding of special austenitic stainless steels. Good weldability in all positions, except vertical down; stable arc, medium slag removal, regular weld beads.

TECHNICAL DATA SHEET Ni625-DC+ welding - FSH Welding Group

Our products are used in all areas of manufacturing and maintenance. The main lines of business are: Brazing Alloys: manufacturers of boilers / heat-exchangers, refrigeration industry (industrial and household), locksmithing, automotive, jewellery, eyewear and delicate work.; Coated electrodes and wires: cement, mining, recharging, agriculture, chemicals and petrochemicals, automotive (mainly ...

Products - Fsh Welding Group - Welding consumables, arc

For butt welding and cladding of steels and castings with an austenitic-ferritic structure, which are used for pumps, vessels, piping systems etc. attacked by chloride containing solutions. But also for impellers and other components which require high strength combined with corrosion attack.

TECHNICAL DATA SHEET Inox-2209-STAINLESS - FSH Welding

FSH WELDING GROUP est un acteur significatif sur le marché du soudage et brasage dans le monde et tout particulièrement en France.

Fsh Welding Group - Métaux d'apports, électrodes pour

Welding Group makes every effort to ensure its customers get the full benefit of its wide experience. Founded in 1952, Selectarc Industries' Arc welding electrode manufacturing plant has built up a reputation for leading expertise in the field, ranking it alongside with the industry's key players both in France and on the export market.

WELDING PRODUCTS PROGRAMME Cast-Iron - Fsh Welding Group

Select-Arc, Inc. manufactures a complete line of flux cored and metal cored tubular welding electrode products including: Contact us today at (800) 341-5215 and discover for yourself the many reasons why Select-Arc sets "The Standard of Excellence in Tubular Welding Electrodes!" Alloy Surcharges . Here are the Select-Arc Alloy Surcharges for the current month. view surcharge rates: Joe Kräll ...

Select-Arc - The Standard of Excellence in Tubular Welding

Initially founded in 1870 FSH WELDING GROUP is a French manufacturer of welding and brazing consumables and has become one of the main actors on the worldwide market. Today our group is present on all continents through our subsidiaries and partners and we propose the broadest range of prod- ucts on the welding and brazing market.

PANORAMA WIRES GTAW - GMAW - Fsh Welding

FSH Welding Canada is attentative to your needs and through its network of specialized distributors everywhere in Canada, we offer a complete range of over 300 products for welding and soldering for maintenance repair and production.

Products - FSH Welding

In 2003, the company became Selectarc Canada in association with the French group, in expansion, FSH Welding Group has three welding product manufacturing plants and are present in more than 80 countries. Since then, Selectarc Canada has seen a strong growth across Canada.
