Slovakia has struggled with a low international profile. Often overlooked as the Czech Republic's little sister, it is a young country with an old culture and history, and a people who are proudly Central (not Eastern) European.

~~Slovakia Culture Smart!: The Essential Guide to Customs ...~~

Brendan F. R. Edwards. Slovakia is a young country with a long history, an enduring culture and an old language. The country's recent history has been one of frequent change, but the traditions of the Slovak people are rich and easily perceived in the architecture and geography of their surroundings, in their customs and celebrations, and in their general warmth and determination.

Although for much of the twentieth century Czechs and Slovaks lived together in one state, there are important differences between them, differences that ultimately contributed to separation in 1993 and the rebirth of a sovereign Slovak state. Generally speaking, the Slovaks are more "Slavic" than the Czechs—their pace of life is slower, and their spare time is more often filled with friends, family, and music.

will discover a landscape of plains, meadows, mountains, natural spas, and hundreds of ancient castles, and a people at once modest, stoical, humorous, and responsive. This book captures the essence of what makes the Slovak people unique and explains something of the quirks and memorable aspects of their lifestyle. It opens a window onto their inner world, their customs and celebrations, and describes what to expect and how to behave in different situations. While the country is not without its frustrations for foreigners, most visitors succumb to its charms. Few have left without yearning to return to “the little big country.”

"As a stand-alone volume, no other book in English has such a wealth of contemporary and scholarly information. This title fills an important gap in historiography about events throughout Central Europe over the last fourteen centuries. It presents the history of Slovakia in terms of the latest scholarship and in context of on-going historical debate about Slovak history and its presentation in a post-socialist world. It addresses the historiographical controversies with copious notes and an extensive bibliography."--Publisher's website.

Toni Brendel's Czech-Slovak heritage is dear to the heart of this Phillips, Wisconsin native. She continues to study and write about the culture of the Slovak people and keeps in close contact with friends and relatives in Slovakia. She is the author of Penfield's Slovak American Touches. Slovak Master Folk Artist, Sidonka Wadina, was raised in a Slovak neighborhood in Milwaukee's Menomonee River Valley. Her grandmothers who emigrated from Slovakia continued to practice the traditional arts of baking and egg decorating. At the age of three, she began to help them especially with the making of Slovak dumplings; now, after a lifetime of

preparing Slovak ethnic foods, Sidonka has generously agreed to share with us cherished recipes and original illustrations.

This delightful collection makes the rich but little-known Slovak folk culture available for English-language readers. Most of the fifty tales assembled here from the collections of folklorist Pavol Dobsinsky are translated into English for the first time. The poetic qualities of the originals have been carefully preserved. The general reader will enjoy these tales immensely, and students will find an insightful introduction to the genres of the folktale and the specifics of Slovak tales. For expert readers, all of the tales have been classified according to the Aarne-Thompson index, and many include short commentaries that draw on the work of Viera Gasparikova.

As societies around the world are challenged to respond to ever growing environmental crises, it has become increasingly important for activists, policy makers, and environmental practitioners to understand the dynamic relationship between environmental movements and the state. In communist Eastern Europe, environmental activism fueled the rise of democratic movements and the overthrow of totalitarianism. Yet, as this study of environmentalism in Slovakia shows, concern for the environment declined during the post-communist period, an ironic victim of its own earlier success. Through ethnographic interviews and archival materials, Edward Snajdr explains why Slovakia's ecology

Acces PDF Slovakia Culture Smart The Essential Guide To Customs Culture

movement, so strong under socialism, fell apart so rapidly despite the persistence of serious environmental problems in the region. Synthesizing theory in anthropology and political ecology, he suggests that the fate of environmentalism in Slovakia marks the beginning of a global post-ecological age, where nature is culturally maginalized in new ways. In addition to its significance for policy makers, this book will be a valuable resource for anthropologists, sociologists, political ecologists, and scholars of East European and post-Soviet studies.

The pre-1960 history of print culture and libraries, as they relate to the First Peoples of Canada, has gone largely untold. Paper Talk explores the relationship between the introduction of western print culture to Aboriginal peoples by missionaries, the development of

Acces PDF Slovakia Culture Smart The Essential Guide To Customs Culture

libraries in the Indian schools in the nineteenth century, and the establishment of community-accessible collections in the twentieth century. While missionaries and the Department of Indian Affairs envisioned books and libraries as assimilative and "civilizing" tools, Edwards shows that some Aboriginal peoples articulated western ideas of print culture, literacy, books, and libraries as tools to assist their own cultural, social, and political aspirations. This text also serves to illustrate that the contemporary struggle of Aboriginal peoples in Canada to establish libraries in communities has a historical basis and that many of the obstacles faced today are remarkably similar to those encountered by earlier generations.

A landlocked country in the heart of Europe, Hungary was a powerful medieval kingdom. Intimately involved in European

Acces PDF Slovakia Culture Smart The Essential Guide To Customs Culture

history and culture, the Hungarians have always been proud of their distinctive identity, reinforced by the fact that their language bears no resemblance to that of any of their neighbors. Today, following the collapse of Communism, Hungarians feel part of Central Europe again, the Europe of science, culture, and civic virtue, of gem-like Baroque churches and 19th century schools, town halls, barracks, and railway stations. This beautiful and beguiling land is home to the magnificent city of Budapest on the banks of the Danube, to the largest lake in central Europe, and to charming spa towns and hot springs. Hungarian openness and hospitality have been tested by the migrant crisis on Europe's doorstep, and the rise of populist parties. After setting the context in a brief historical overview, Culture Smart! Hungary offers practical advice and important insights into different aspects of Hungarian life today, to help deepen your
