Some users enjoy the opportunities for political debate and engagement that social media facilitates, but many more express resignation, frustration over the tone and content of social platforms. In a political environment defined by widespread polarization and partisan animosity, even simple conversations can go awry when the subject turns to politics.

~~Americans, Politics and Social Media | Pew Research Center~~

The campaign made use of advanced digital media features that capitalized on the networking, collaboration, and community-building potential of social media to create a political movement. The Obama campaign website was a full-service, multimedia center where voters not only could access information, they also could watch and share videos, view and distribute campaign ads, post comments, and blog.

~~The New Media's Role in Politics | OpenMind~~

Social media use in politics refers to the use of online social media platforms in political processes and activities. Social media platforms encompass websites such as Facebook, YouTube, WeChat, Instagram, Quora, QQ, QZone, Weibo, Twitter, Tumblr, Reddit, Baidu Tieba, LinkedIn, LINE, Snapchat, Pinterest, Viber, and VK.

~~Social media use in politics — Wikipedia~~

Social media platforms have served as venues for political engagement and social activism for many years, especially for Black Americans. This was evident again in 2020, when the killing of an unarmed Black man, George Floyd, by a White Minneapolis police officer resulted in widespread protests that demonstrated the reach and power of these platforms.

~~Social media continue to be important political outlets ...~~

The emergence of social media has changed the way in which political communication takes place in the United States. Political institutions such as politicians, political parties, foundations, institutions, and political think tanks are all using social media platforms, like Facebook and Twitter, to communicate with and engage voters.

~~(PDF) Social Media and Politics - ResearchGate~~

Social media allows politicians to reach voters in an intimate way. Analytics: Radio and Television did not give politicians an understanding of who was watching/listening to them. Social media, on the other hand, uses analytics software to give politicians an idea of the different demographics who they are engaging.
