Sociologists who study deviance and crime examine cultural norms, how they change over time, how they are enforced, and what happens to individuals and societies when norms are broken. Deviance and social norms vary among societies, communities, and times, and often sociologists are interested in why these differences exist and how these differences impact the individuals and groups in those areas.

The sociology of crime (criminology) is the study of the making, breaking, and enforcing of criminal laws. Its aim is to understand empirically and to develop and test theories explaining criminal behavior, the formation and enforcement of laws, and the operation of criminal justice system.

Sociology of Crime

Where To Download Sociology Of Crime And (Criminology) Marvin

The sociological study of crime and delinquency has focused either on the social structural factors (e.g., poverty and social disorganization) believed to generate such behavior or on the arenas (e.g., family, school, and peer groups) in which socialization to conventional or criminal values and behavior are affected.

Crime and Delinquency,
Prevention of. K.J. Moore,
Wolfgang
in International
Encyclopedia of the Social &
Behavioral Sciences, 2001.
Delinquency has been a
social problem since the
industrial revolution. There
has been an ongoing debate
within society and its
institutions about the
effectiveness of punishment,
treatment, and
rehabilitation as primary
solutions to this social
problem.
