There is a tribe in Africa where, the first time a woman leaves home following the confinement period after giving birth, everyone she meets along the road greets her with a sacred song otherwise reserved for warriors returning from battle. She's honored as having lived through a rite of passage that will forever mark her womanhood as abundant and powerful and blessed. She's respected as a fully franchised member of the most ubiquitous and yet most extraordinary group of beings in our collective experience: mothers. *Everything I Needed to Know, I Learned from a Six-Month-Old: Awakening to Unconditional Self Love in Motherhood* is an *Eat Pray Love* for moms. It fuses memoir, spirituality and self-development into the unique perspective that babies are actually extraordinary spiritual teachers who are capable of showing their caregivers the way toward inspired living. Kuwana Haulsey imparts this deeper understanding of a universal truth of love, in which motherhood is explored as a means of waking up to her innate potential for personal transformation.

Gospel-Centered Theology for Today Evangelical Theology, Second Edition helps today's readers understand and practice the doctrines of the Christian faith by presenting a gospel-centered theology that is accessible, rigorous, and balanced. According author Michael Bird the gospel is the fulcrum of Christian doctrine; the gospel is where God meets us and where we introduce the world to God. And as such, an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology. The text helps readers learn the essentials of Christian theology through several key features, including: A "What to Take Home" section at end of every part that gives readers a run-down on all the important things they need to know. Tables, sidebars, and questions for discussion to help reinforce key ideas and concepts A "Comic Belief" section, since reading theology can often be dry and cerebral, so that readers enjoy their learning experience through some theological humor added for

good measure. Now in its second edition, *Evangelical Theology* has proven itself in classrooms around the world as resource that helps readers not only understand the vital doctrines of Christian theology but one that shows them how the gospel should shape how they think, pray, preach, teach, and minister in the world.

In recent years, scholars have explored anew the interface between the early Christian movements and the Roman Empire. Once thought to be quietistic, the early Christian movements turn out to have been critical of the Empire and significantly counterimperial. This collection of essays in honor of Robert Brawley turns the spotlight on Luke-Acts. The soundings taken here disclose deeper anti-imperial rhetoric than previously thought. In brazen and subtle ways, Luke-Acts displays an alternative realm of peace and justice inaugurated by Jesus under the God of Israel. The essays in this volume will lead you to hear Luke-Acts in fresh ways.

This book reflects upon the theological significance of the intersections of race and queer sexuality across multiple ethnic and cultural groups.

After his father's heart attack in 1984, Peter Godwin began a series of pilgrimages back to Zimbabwe, the land of his birth, from Manhattan, where he now lives. On these frequent visits to check on his elderly parents, he bore witness to Zimbabwe's dramatic spiral downwards into the jaws of violent chaos, presided over by an increasingly enraged dictator. And yet long after their comfortable lifestyle had been shattered and millions were fleeing, his parents refuse to leave, steadfast in their allegiance to the failed state that has been their adopted home for 50 years. Then Godwin discovered a shocking family secret that helped explain their loyalty. *Africa was his father's sanctuary from another identity, another world. When a Crocodile Eats the Sun* is a stirring memoir of the disintegration of a family set against the collapse of a country. But it is also a vivid portrait of the profound strength of the human spirit and the enduring power of love.
