Level 6 upon recognised best practice. Martin McCourt, CEO, Dyson Limited .

The book starts by summarizing the current literature on business, functional (supply chain), and technology strategies. Then, it establishes a case for why none of these strategies in isolation can create the competitive advantage needed to achieve the goals of the business and why they must be aligned and must work together to be effective. Every argument in the book is supported with cases from the industry. Some of the cases I have relied heavily are Wal-
