B. Similarities between Semantics and Pragmatics. The two branches of linguistics, i.e. semantics and pragmatics, deal with the meaning of language and link language to the world. Each branch deals with meaning differently; yet, many

Semantics considers the meaning of the sentence without the context. The field of semantics focuses on three basic things: □the relations of words to the objects denoted by them, the relations of words to the interpreters of them, and, in symbolic logic, the formal relations of signs to one another (syntax)□.
