The Beijing Consensus: Legitimizing Authoritarianism in ...

Stefan Halper¶s work The Beijing Consensus offers a somewhat ominous world future and the US position in it. The title of his book, a play on the term [Washington Consensus] coined in the late 80s and early 90s refers to how the west, specifically the United States, represented by Washington is losing ground in the Third World community and how Beijing (China) is picking up the slack and ...
