'The Blood of Gods' is Conn Iggulden's fifth book in his 'Emperor' series. The previous four books were based loosely on the life of the Roman Emperor Julius Caesar right up to his assassination: while the central character in this book is his adopted son Octavian, who later went on to become the Emperor Augustus.

*The Blood of Gods (Emperor, #5) by Conn Iggulden*

This book clearly shows the dangers of writing historical fiction. One of the liberties Conn Iggulden took with Octavian's early years comes back to bite him sharply in "The Blood of Gods". During the first four novels in the Emperor series, we see Octavian rise through the ranks to become one of Julius Caesar's trusted generals.
