This book provides insights into important trends and future scenarios in the global tourism and travel industry. It analyses today's challenges in the aviation and hospitality industry, in destination management, and in marketing and distribution management. New empirical data on general travel behaviour and the latest consumer trends are also presented. The contributors to this book are well-known individuals from important tourism, travel and consulting firms (e.g. BCD Travel, Öger Tours, Booz and Company, GfK, IPK International) and researchers from universities in Switzerland, United Kingdom, the Netherlands, and Germany. In addition institutes specializing in future research highlight important travel trends. Corporate social responsibility is one of the top themes to-be and therefore a focus of this book, offering insights into the concept of CSR, empirical data on consumer requests, corporate strategy issues and financial investment implications.

This book is a practical handbook for entrepreneurship in tourism related industries. The book will provide students and prospective entrepreneurs with the knowledge, know-how and best practices in order to assist them in planning, implementing and managing business ventures in the field of tourism.

"Designing Sustainable Commercial Interiors: Applying Concepts and Practices is a core text that teaches students and designers how to apply sustainable principles to all stages of the design process for residential and commercial interiors. An overview of the types of design projects emphasizes a three-pronged approach to sustainability: equity, economy and ecology. Through case studies for a range of project types - including retail, healthcare, hospitality, corporate, adaptive reuse, civic and institutional, and residential - readers will learn how to use a sustainable concept as the foundation for well-designed projects."--
