Robert Mayer's The Dreams of Ada is almost in a class by itself. This is a stone-whodunnit, but sensitively written by Mayer. The reader will be left painfully uncertain about just what happened in the little town of Ada, and whether the right men are actually in jail. A must for true-crime buffs looking for a high-quality read.

Similar problems surrounded the trials of the two men convicted for the murder of Denice Haraway. Two of the books examining these cases are *The Dreams of Ada* (1987) by Robert Mayer and *The Innocent Man*, Grisham's first non-fiction book. Accounts from both books suggest major flaws, irregularities, and outright miscarriages of justice including forced and made-up confessions by the police and prosecutors.

The true story of how the disappearance of Denice Haraway, a young woman from Ada, Oklahoma, tore apart the small midwestern town and irrevocably corrupted its sense of justice describes the crime, the investigation, and the resulting trial and conviction of two men, in a focused analysis of the American criminal justice system. **#1 NEW YORK TIMES BESTSELLER •** John Grisham's first work of nonfiction: a true crime story that will terrify anyone who believes in the presumption of innocence. **NOW A NETFLIX ORIGINAL DOCUMENTARY SERIES** "Both an American tragedy and [Grisham's] strongest legal thriller yet, all the more gripping because it happens to be true."—Entertainment Weekly In the town of Ada, Oklahoma, Ron Williamson was going to be the next Mickey Mantle. But on his way to the Big Leagues, Ron stumbled, his dreams broken by drinking, drugs, and women. Then, on a winter night in 1982, not far from Ron's home, a young cocktail waitress named Debra Sue Carter was savagely murdered. The investigation led nowhere. Until, on the flimsiest evidence, it led to Ron Williamson. The washed-up small-town hero was charged, tried, and sentenced to death—in a trial littered with lying witnesses and tainted evidence that would shatter a man's already broken life, and let a true killer go free. Impeccably researched, grippingly told, filled with eleventh-hour drama, *The Innocent Man* reads like a page-turning legal thriller. It is a book no American can afford to miss. Praise for *The Innocent Man*

“Grisham has crafted a legal thriller every bit as suspenseful and fast-paced as his bestselling fiction.”—The Boston Globe “A gritty, harrowing true-crime story.”—Time “A triumph.”—The Seattle Times BONUS: This edition includes an excerpt from John Grisham’s *The Litigators*.

A post-mortem photographer unearths dark secrets from the past that may hold the key to his future in this “sensual, twisting gothic tale...in the tradition of A.S. Byatt’s *Possession*, Diane Setterfield’s *The Thirteenth Tale*, and Emily Bronte’s *Wuthering Heights*” (BookPage). All love stories are ghost stories in disguise. “This one happily succeeds at both” (Kirkus Reviews, starred review). When famed Byronesque poet Hugh de Bonne is discovered dead in his bath one morning, his cousin Robert Highstead, a post-mortem photographer, is charged with a simple task: transport Hugh’s remains for burial in a chapel. This chapel, a stained-glass folly set on the moors, was built by de Bonne sixteen years earlier to house the remains of his beloved wife and muse, Ada. Since then, the chapel has been locked and abandoned, a pilgrimage site for the rabid fans of de Bonne’s last book, *The Lost History of Dreams*. However, Ada’s grief-stricken niece refuses to open the glass chapel for Robert unless he agrees to her bargain: before he can lay Hugh to rest, Robert must record Isabelle’s story of Ada and Hugh’s ill-fated marriage over the course of five nights. As the mystery of Ada and Hugh’s relationship unfolds, so too does the secret behind Robert’s own marriage—including that of his fragile wife, Sida, who has not been the same since a tragic accident three years earlier and the origins of his morbid profession that has him seeing things he shouldn’t...things from beyond the grave. Blurring the line between the past and the present, truth and fiction, and ultimately, life and death, *The Lost History of Dreams* is “a surrealist, haunting tale of

'Journey Towards Justice' is a testimony to the triumph of human spirit and how one man's extraordinary resolve, along with the wonder of technology, helped transform his life.

Robert Young Pelton first became aware of the phenomenon of hired guns in the War on Terror when he met a covert team of contractors on the Afghanistan/Pakistan border in the fall of 2003. Pelton soon embarked on a globe-spanning odyssey to penetrate and understand this shadowy world, ultimately delivering stunning insights into the way private soldiers are used. Enter a blood-soaked world of South African mercenaries and tribal fighters backed by ruthless financiers. Drop into Baghdad's Green Zone, strap on body armor, and take a daily high-speed ride with a doomed crew of security contractors who dodge car bombs and snipers just to get their charges to the airport. Share a drink in a chic hotel bar with wealthy owners of private armies who debate the best way to stay alive in war zones. Licensed to Kill spans four continents and three years, taking us inside the CIA's dirty wars; the brutal contractor murders in Fallujah and the Alamo-like sieges in Najaf and Al Kut; the Deep South contractor training camps where ex-Special Operations soldiers and even small town cops learn the ropes; the contractor conventions where macho attendees swap bullet-punctuated tales and discuss upcoming gigs; and the grim Central African prison where contractors turned failed

mercenaries pay a steep price. The United States has encouraged the use of the private sector in all facets of the War on Terror, placing contractors outside the bounds of functional legal constraints. With the shocking clarity that can come only from firsthand observation, *Licensed to Kill* painstakingly deconstructs the most controversial events and introduces the pivotal players. Most disturbingly, it shows that there are indeed thousands of contractors—with hundreds more being produced every month—who've been given a license to kill, their services available to the highest bidder.

In his critically acclaimed bestseller *Shadow Divers*, Robert Kurson explored the depths of history, friendship, and compulsion. Now Kurson returns with another thrilling adventure—the stunning true story of one man's heroic odyssey from blindness into sight. Mike May spent his life crashing through. Blinded at age three, he defied expectations by breaking world records in downhill speed skiing, joining the CIA, and becoming a successful inventor, entrepreneur, and family man. He had never yearned for vision. Then, in 1999, a chance encounter brought

startling news: a revolutionary stem cell transplant surgery could restore May's vision. It would allow him to drive, to read, to see his children's faces. He began to contemplate an astonishing new world: Would music still sound the same? Would sex be different? Would he recognize himself in the mirror? Would his marriage survive? Would he still be Mike May? The procedure was filled with risks, some of them deadly, others beyond May's wildest dreams. Even if the surgery worked, history was against him. Fewer than twenty cases were known worldwide in which a person gained vision after a lifetime of blindness. Each of those people suffered desperate consequences we can scarcely imagine. There were countless reasons for May to pass on vision. He could think of only a single reason to go forward. Whatever his decision, he knew it would change his life. Beautifully written and thrillingly told, *Crashing Through* is a journey of suspense, daring, romance, and insight into the mysteries of vision and the brain. Robert Kurson gives us a fascinating account of one man's choice to explore what it means to see—and to truly live.
