Combines psychology, religion, myth, literature, and philosophy to describe man's journey from disillusionment to spiritual fulfillment

Shortly before her death in 2004, Elisabeth K¶bler-Ross and David Kessler, her collaborator, completed the manuscript for this, her final book - a fitting completion to her work. Ku bler-Ross's groundbreaking work On Death and Dying changed the way we think and talk about the end of life. Weaving together theory, inspiration, and practical advice, this book will profoundly influence the way we experience the process of grief.Available only in Nonfiction 4.

A user's guide to economic, political, social and cultural collapse.

Convinced he should have died in the accident that killed his parents and sister, sixteen-year-old Drew lives in a hospital, hiding from employees and his past, until Rusty, set on fire for being gay, turns his life around. Includes excerpts from the superhero comic Drew creates.

The five stages of grief are so deeply imbedded in our culture that no American can escape them. Every time we experience loss¶a personal or national one¶we hear them recited: denial, anger, bargaining, depression, and acceptance. The stages are invoked to explain everything from how we will recover from the death of a loved one to a sudden environmental catastrophe or to the trading away of a basketball star. But the stunning fact is that there is no validity to the stages that were proposed by psychiatrist Elisabeth Kübler-Ross more than forty years ago. In The Truth About Grief, Ruth Davis Konigsberg shows how the five stages were based on no science but nonetheless became national myth. She explains that current research paints a completely different picture of how we actually grieve. It turns out people are pretty well programmed to get over loss. Grieving should not be a strictly regimented process, she argues; nor is the best remedy for pain always to examine it or express it at great length. The strength of Konigsberg¶s message is its liberating force: there is no manual to grieving; you can do it freestyle. In the course of clarifying our picture of grief, Konigsberg tells its history, revealing how social and cultural forces have shaped our approach to loss from the Gettysburg Address through 9/11. She examines how the American version of grief has spread to the rest of the world and contrasts it with the interpretations of other cultures¶like the Chinese, who focus more on their bond with the deceased than on the emotional impact of bereavement. Konigsberg also offers a close look at Kübler-Ross herself: who she borrowed from to come up with her theory, and how she went from being a pioneering psychiatrist to a New Age healer who sought the guidance of two spirits named Salem and Pedro and declared that death did not exist. Deeply researched and provocative, The Truth About Grief draws on history, culture, and science to upend our country¶s most entrenched beliefs about its most common experience.

Prayer and the Five Stages of Healing is a guidebook to developing an effective prayer life and to integrating prayer into every aspect of daily life.

Examines an international shipboard educational program and seeks to identify specific insights resulting from informal extracurricular contact between students and host nationals in the context of culture shock experiences.

The Five Stages of Me is a story of my journey through life. I have found that although we grieve the loss of loved ones, we tend to forget that we grieve losing ourselves as well. There comes a time that you hit a roadblock created by your own fears and you go through stages trying to find your way around it. Sometimes the only way to get out of the situation is to go THROUGH it. Five Stages will take you through the roller coaster that I have endured. My ups and downs, pains and joys. You will see it all. In order for me to help you move forward, I needed to be fully honest and show you a woman who has struggled yet found her way. I cannot speak on what I have not experienced. I hope you find peace in reading this book and allow yourself to go THROUGH the roadblock to get to your victory. All you need to do is walk ... What is your next move?

5 STAGES OF GRIEF Danielle thinks that the worst is behind her, but she couldn't have been more wrong... As a beauty editor of Denver's hot new High Life magazine, Danielle Starkey didn't have becoming a widow on her to-do list. Then nine months after her husband's death, she discovers he booked a vacation with another woman. Suddenly, Danielle sees Adam's death in a whole new light and has to get over it - for the second time. Hit with the truth when she least expects it, Danielle brings a fresh, funny, and honest approach to the grieving process as she struggles through online dating, stalking her dead husband's mistress, and, hopefully, finding the man of her dreams. With her stubborn and sassy best friend April by her side, Danielle refuses to let sleeping dogs lie. Will she finally face the truth about herself and her marriage? Or will she succumb to one of the five stages of grief?
