"Falling stars are supposed to be a lucky sign, but not for Austen. Her new job as a secretary in an international games company isn't off to a good start. Her first assignment--decorating the Christmas tree in the lobby--results in a trip to the ER after Dee, the company's second-in-command, gets hit by the star-shaped tree topper. Dee blames her instant attraction to Austen on her head wound, not the magic of the falling star. She's determined not to act on it, especially since Austen has no idea that Dee is practically her boss"--Back cover.

First published in 2005 in B format as The Holford Low-GL Diet, this book quickly established itself as one of Patrick Holford's core nutrition titles. Patrick is at the forefront of research into fast, safe and lasting weight loss, pinpointing that the secret of successful weight loss is to balance your blood sugar. By eating foods with a low glycemic load (GL), you can balance your blood sugar and not only lose weight quickly but keep it off, feel full of energy and enjoy greatly improved health. In the four years since first publication, thousands of people have followed Patrick's low-GL system with great success, and numerous scientific trials have

validated the initial research. As well as encouraging weight loss, it has been proven that a low-GL diet can slow down the ageing process, improve mood and memory, lower cholesterol without drugs, prevent and reverse diabetes and heart disease, and cut cancer risk. This expanded and updated edition - THE LOW-GL DIET BIBLE - is packed with new information on why low GL beats low-fat, low-calorie and high-protein diets every time, and why it is number one for weight loss and good health.

Patrick Holford's revolutionary diet, based on balancing your blood sugar, is the most safe and effective way to lose weight. In this easy-to-read full-colour book, he highlights the basics of his approach. THE LOW-GL DIET MADE EASY explains the revolutionary Glycemic Load (GL) system and tells you which foods are low-GL 'heroes' and which foods you should avoid, how to get started, portion size and how to add up your GL count. There is also a comprehensive three-week action plan - including shopping lists, day-by-day menus and delicious mouth-watering recipes. THE LOW-GL DIET MADE EASY is essential reading if you want to lose weight safely and effortlessly, improve your health and increase your energy levels.

Amelia Smith is a 25-year old workaholic harboring a dark secret from her violent past. Amelia's sister Jordy dies in a freak accident when Amelia is only fifteen that changes her life forever. Amelia decides to bury her past and her dark secret and flee to the city to begin a new life, but the past won't be so easily forgotten thanks to her unwelcome

psychic abilities. After receiving the news of her estranged mother's unexplained death, Amelia leaves the distraction of the city and revisits her childhood home. Once there, she must choose to accept her abilities or remain in the wounds that have caused her pain. Scarred by her past, Amelia puts up walls to protect her heart, but an undeniable soul connection to Jackson, an old childhood friend, not only breaks down her barriers but shatters them, forcing her to violate her vow never to love again. Through her journey, Amelia embraces her grandmother's most valuable lesson, "Sometimes, you have to break a heart to heal it."

Take a both fun-filled and treacherous ride into the waters surrounding the peninsular city of Charleston, South Carolina with G.L. Giles's water vampires. Slake your thirst for different vampire species and subspecies at the same time! On dry land, you'll also experience a part of Charleston, South Carolina (set primarily in the 1980s)---from White Point Garden to The Battery to the surrounding marshes, complete with plough mud and fiddler crabs---atmospherically rich with the inherent tapestry of the Carolina Lowcountry and then embellished with a healthy dose of dark fantasy! With several species of vampires in the mix, conflicts naturally arise. Add to that, some of the various species of vampires, as well as some of the humans, also have potentially fatal run-ins with some of the specters and shape-shifters found in this young adult novella as well. More than just peppering the plotline are the mostly human protagonists, Robyn and Marion, who are like contemporary versions of Robin Hood and Maid Marian in many ways---that is, with Robyn being a female and Marion a male in Giles's mythology---and the 'young love' version to boot, as they're middle school kids. Yet, unlike other children their age, they have special 'gifts' and a lot of

responsibility for those so young in years. You see, they have the distinct burden, squarely placed upon them, of being the only ones who can save their older counterparts from another place and time: Setiana and Vasario.

Burn Fat Fast is quite simply the easiest, healthiest and most effective way to lose weight. Alternate-day dieting, which involves taking in a very low amount of calories on alternate days, is all the rage - this diet takes it to a whole new level. In this book Patrick Holford outlines how, by combining elements of alternate-day fasting with a low glycemic-load (GL) diet, you can lose fat fast, without going hungry or compromising your health. For those new to the low-GL diet it is a way to keep you blood sugar even. Why do this? Because if your blood sugar level resembles a rollercoaster ride you'll have a lot of insulin in your system - and insulin is the fat-storing hormone. In Burn Fat Fast you'll find: *

- * Simple, easy-to-follow guidelines on how the diet works *
- * An outline of what to eat and what to avoid on both phases of the diet *
- * Guidance on fitting the diet into your lifestyle *
- * A short, highly effective fat-burning exercise routine developed by former Gladiator and Olympic athlete Kate Staples

And if you need any more encouragement, consider this: as well as encouraging the storage of fat, insulin promotes disease and ageing, so by combining a low-GL diet with alternate-day fasting you will not only lose fat fast but also improve your health and longevity.

Want to lose weight with minimum effort and maximum results? You can – and it ' s as simple as eating three apples a day. Apples are the magic bullet for losing those excess pounds and when you eat them in combination with this low GI eating plan the pounds will melt away.
