## The Innovator's Dilemma: When New Technologies Cause Great ...

Clayton M. Christensen in The Innovator's Dilemma argues a distinction between two types of technology change, each with different effects on the industry's leaders: technologies (either incremental or radical) that sustain the industry's rate of improvement in product performance, a typical prerogative of dominant firms, and on the other side, disruptive innovations which redefine performance trajectories and result in the failure of the industry's leading firms.

The Innovators Dilemma The Revolutionary National ...

An expert in management takes on the conventional wisdom about disruption, looking at companies that proved resilient and offering managers tools for survival. “Disruption” is a business buzzword that has gotten out of control. Today everything and everyone seem to be characterized as disruptive—or, if they aren't disruptive yet, it's only a matter of time before they become so.
