The mob rules
The mob rules [Verse 2] Kill the spirit and you'll be blinded
The end is always the same
Play with fire, you burn your fingers and
Lose your hold of the flame, oh
It's over, it's done

Dio - The Mob Rules [Live at The Spectrum 1984] - YouTube

Mob rule or ochlocracy is the rule of government by a mob or mass of people and the intimidation of legitimate authorities. Insofar as it represents a pejorative for majoritarianism, it is akin to the Latin phrase mobile vulgus, meaning "the fickle crowd", from which the English term "mob" originally was derived in the 1680s. Ochlocracy is synonymous in meaning and usage to the modern, informal term "mobocracy", which arose in the 18th century as a colloquial neologism. Likewise, whilst the rule

The Mob is notorious for its cruel and immoral practices, but its most successful members have always been extremely smart businessmen. Now, former mobster Louis Ferrante reveals its surprisingly effective management techniques and explains how to apply them-legally-to any legitimate business. As an associate of the Gambino family, Ferrante relied on his instincts to pull off some of the biggest heists in U.S. history. By the age of twenty-one, he had netted millions of dollars for his employers. His natural talent for management led Mafia bosses to rely on him. After being arrested and serving an eight-and-a-half-year prison sentence, Ferrante went straight. He realized that the Mob's most valuable business lessons would allow him to survive and thrive in the real world. Now he offers eighty-eight time-tested Mafia strategies, including: * Go get your own coffee!: Respecting the chain of command without being a sucker. * The walls have ears: Never bad-mouth the boss. * Is this phone tapped?: Watch what you say every day. * How to bury the hatchet-but not in someone's head. * Don't split yourself in half: The wrong decision is better than none at all. * Don't build Yankee stadium, just supply the concrete: Spotting new rackets. * Leave the gun, take the cannolis...and beware of hubris. Ferrante brings his real-life experiences to the book, offering fascinating advice that really works and sharing behind-the-scenes episodes almost as outrageous as those occurring on Wall Street every day.

A former Mafia associate argues that the mob's most successful leaders have been astute businessmen, revealing how their management techniques can be effectively applied to legitimate businesses, in a guide that includes coverage of such topics as leading without force, building trust and avoiding personal involvement. 17,500 first printing.

The average Mafia don knows more about effective leadership than a trunkful of Fortune 500 CEOs. For all the mob's well-deserved reputation for violence and immorality, its most successful members have always been remarkably astute businessmen. Former mobster Louis Ferrante reveals their surprisingly effective management techniques and explains how to apply them in any legitimate business.As an associate of the Gambino Family, Ferrante pulled off some of the biggest heists in U.S. history before the age of twenty-one, netting millions of dollars. His natural talent for management led bosses like John Gotti to rely on him. Now he offers time-tested Mafia wisdom, such as:" Three can keep a secret (if two are dead): Build trust with your colleagues.* You don't always need a gun to hit a target: Lead people without force.* It's never personal: When circumstances demand it, never hesitate to pull the trigger.Ferrante brings his real-life experience to the book, offering fascinating insights into Mafia behavior and sharing behind-the-scenes episodes almost as outrageous as those occurring on Wall Street every day.Louis Ferrante is a former Mafia associate and heist expert who served eight and a half years in prison after refusing to incriminate members of the Gambino family. He now lectures around the country to at-risk teens and other groups, and hosts an American TV series called Inside the Gangsters' Code.

"It is a strategic move in the game of life. As in chess, you sometimes must sacrifice certain things or take chances so you can get to your ultimate goal. The same goes for this. And I'm about to make that move."The hole left by the disappearance of the powerful gang led by Devin has been filled with the Black Cloud, a deadly group with deadly intentions. The strongest gang left, led by Brennon, must find a way to unravel the strange mysteries of the cloaked Black Cloud and defeat them to survive. But things go over his head, and soon enough, he must compensate for the effects that follow. Gang life has been revolutionized, and The Mob Rules is your ticket to the golden era of these gangs. Action from the heart of American cities to the far reaches of Siberia to the depths of the ocean await you-and you will discover whether the mob really does rule.

If street magic was easy, everyone would be doing it.

Scholars and lay persons alike routinely express concern about the capacity of democratic publics to respond rationally to emotionally charged issues such as crime, particularly when race and class biases are invoked. This is especially true in the United States, which has the highest imprisonment rate in the developed world, the result, many argue, of too many opportunities for elected officials to be highly responsive to public opinion. Limiting the power of democratic publics, in this view, is an essential component of modern governance precisely because of the risk that broad democratic participation can encourage impulsive, irrational and even murderous demands. These claims about panic-prone mass publics--about the dangers of 'mob rule'--are widespread and are the central focus of Lisa L. Miller's The Myth of Mob Rule. Are democratic majorities easily drawn to crime as a political issue, even when risk of violence is low? Do they support 'rational alternatives' to wholly repressive practices, or are they essentially the bellua multorum capitum, the "many-headed beast," winnowing problems of crime and violence down to inexorably harsh retributive justice? Drawing on a comparative case study of three countries--the U.S., the U.K. and the Netherlands--The Myth of Mob Rule explores when and with what consequences crime becomes a politically salient issue. Using extensive data from multiple sources, the analyses reverses many of the accepted causal claims in the literature and finds that: serious violence is an important underlying condition for sustained public and political attention to crime; the United States has high levels of both crime and punishment in part because it has failed, in racially stratified ways, to produce fundamental collective goods that insulate modern democratic citizens from risk of violence, a consequence of a democratic deficit, not a democratic surplus; and finally, countries with multi-party parliamentary systems are more responsive to mass publics than the U.S. on crime and that such responsiveness promotes protection from a range of social risks, including from excessive violence and state repression.

Ida Bell Wells, later Wells-Barnett (1862-1931), was an African American civil rights advocate and an early women's rights advocate active in the Woman Suffrage Movement. Fearless in her opposition to lynchings, Wells documented hundreds of these atrocities. Wells became a public figure in Memphis when, in 1884, she led a campaign against racial segregation on the local railway. In 1889, she became co-owner and editor of Free Speech, an anti-segregationist newspaper based in Memphis on Beale Street. She also published in 1892 her famous pamphlet Southern Horrors: Lynch Law in All its Phases. This pamphlet, along with her 1895 The Red Record: Tabulated Statistics and Alleged Causes of Lynching in the United States, documented her research on and campaign against lynching. In 1892, Wells went to Great Britain at the behest of British Quaker Catherine Impey. An opponent of imperialism and proponent of racial equality, Impey wanted to be sure that the British public was informed about the problem of lynching. After her retirement, Wells wrote her autobiography, Crusade for Justice (1928). Her other works include Mob Rule in New Orleans (1900).
